Introduction & Philosophy

The Land of Luminos is a 16-week, story-based English curriculum designed for young learners at the A1 level. At its heart is a single belief: the most powerful way to learn a language is to need it — to use it in pursuit of something that matters, something real, something that stirs the imagination.

This curriculum follows a continuous story across four narrative chapters. Each lesson is not merely a language exercise — it is a chapter in an unfolding adventure. Students don't learn vocabulary in isolation; they learn it because Mira needs to describe what she sees, because the friends need to solve a mystery, because a bridge must be built and a festival must be planned. Language becomes the tool, not the goal.

Equally central to this curriculum is the deliberate development of soft skills. Every story moment is an opportunity to build empathy, critical thinking, resilience, creativity, and teamwork. These skills are not supplementary — they are woven into the fabric of each session, inseparable from the language learning itself.

Teachers using this curriculum are not just language instructors — they are storytellers, facilitators, and community builders. The classroom becomes Luminos: a magical, safe space where every student has a voice, a role, and a reason to speak.

How to Use This Document

This curriculum guide is organized into three major parts:

- Part I — Curriculum Overview: Goals, objectives, outcomes, story overview, and curriculum map.
- Part II — Instructional Guide: A chapter-by-chapter, session-by-session teaching guide with objectives, outcomes, language focus, and detailed activity breakdowns.
- Part III — Assessment: Project session guides, a general teacher assessment checklist, and a program success evaluation.

Each session follows a consistent 2-hour structure: Warm-Up → Story Time → Language Focus → Soft Skills Activity → Guided Practice → Cool Down.

Curriculum Goals, Objectives & Outcomes

Overall Curriculum Goal

To develop young A1 English learners' linguistic competence and interpersonal soft skills through a rich, story-driven curriculum — equipping them not just to speak English, but to think critically, connect empathetically, and grow as confident young people.

Language Learning Objectives

By the end of the 16-week curriculum, students will:

- Recognize, understand, and use approximately 250–300 A1-level vocabulary items across four thematic domains (social, nature, construction/community, celebration).
- Produce simple sentences using the present simple, present continuous, past simple, and near future (going to / will) tenses.
- Ask and answer basic questions about personal information, preferences, location, and events.
- Use foundational grammatical structures: articles, basic prepositions, adjectives, adverbs, modal 'can,' and connectors (because, if, then, first, next, finally).
- Read simple illustrated texts and extract key information.
- Write short paragraphs, descriptions, plans, and reflective statements using learned structures.
- Communicate with growing fluency in pair, group, and whole-class interactions.

Soft Skills Objectives

By the end of the 16-week curriculum, students will demonstrate:

- Empathy: The ability to identify, name, and respond to the emotions of others.
- Critical Thinking: The ability to observe, question, theorize, and evaluate information.
- Problem-Solving: The ability to identify a problem, generate solutions, test ideas, and adapt.
- Resilience: The ability to persist through difficulty, learn from mistakes, and maintain a growth mindset.
- Teamwork: The ability to collaborate effectively, share roles, and support peers.
- Conflict Resolution: The ability to disagree respectfully and repair relationships after conflict.
- Creativity: The ability to generate original ideas and express them through multiple formats.
- Self-Confidence: The ability to speak, present, and contribute with growing assurance.
- Gratitude and Reflection: The ability to appreciate others and articulate personal growth.

Expected Learning Outcomes

Upon completing this curriculum, students are expected to:

- Hold a simple, meaningful conversation in English on everyday topics.
- Write a short paragraph (5–6 sentences) with a clear topic and supporting details.
- Read and respond to short illustrated or written texts at A1 level.

- Present themselves and their ideas to a group with confidence and clarity.
- Demonstrate measurable growth in at least 5 of the 9 soft skills tracked.
- Connect story events and characters to real-life experiences and lessons.
- Participate actively and respectfully in all types of classroom activities.
- Produce a meaningful portfolio of creative and reflective work across all four chapters.

Story Overview — The Land of Luminos

The Story World

Luminos is a magical land where animals can talk, flowers can sing, and the rules of the ordinary world don't always apply. It is a place of warmth, wonder, and occasional chaos — exactly the kind of world a child's imagination builds when given the right conditions. The story is deliberately whimsical and open-ended, giving teachers room to expand, add, and personalize.

The Characters

Mira

The protagonist. A curious, kind, and initially very nervous young girl who arrives in Luminos at the start of the story. Her journey from shy newcomer to confident leader mirrors the students' own arc. She grows most visibly across all four chapters.

Leo

The enthusiastic animal lover. Always cheerful, always running. Leo is the first friend Mira makes. He acts before he thinks, which causes problems but also creates energy. He learns to listen and collaborate in Chapter 3.

Zara

The bookish observer. Quiet, brilliant, and detail-oriented. Zara notices what others miss and asks the questions no one else thinks to ask. Her role in solving the garden mystery is central to Chapter 2.

Tom

The impulsive joker. Tom means well but often causes trouble by acting too fast, talking too much, or trying to do everything at once. His arc is one of self-regulation and growth. By Chapter 4, he has become a better listener and team player.

Luna

The empath. Luna is the gentle heart of the group. She notices when someone is sad before they say a word, and her instinct is always to offer care. Her song at the Festival of Light is one of the story's most emotional moments.

The Wise Owl

A gentle background presence — an elder of Luminos who offers wisdom at key moments without solving problems for the children. Teachers may choose to give The Wise Owl more or less prominence depending on the group.

Chapter Arc Summary

Chapter 1 Weeks 1–4	Welcome to Luminos Mira arrives in Luminos. She meets the four friends and learns to navigate a new world. The chapter culminates in the Welcome Festival — a celebration of belonging and new connections.
Chapter 2 Weeks 5–8	The Whispering Garden The magical garden stops blooming. The friends investigate, theorize, experiment, and ultimately discover that kindness is the garden's life force. A mystery solved through curiosity and empathy.
Chapter 3 Weeks 9–12	The Storm and the Bridge A storm destroys the bridge connecting Luminos to the world. Rebuilding it tests the friends' ability to collaborate under pressure, resolve conflicts, and persist through setbacks.
Chapter 4 Weeks 13–16	The Festival of Light Luminos prepares for its annual Festival. Each friend contributes their unique gift. Students reflect on who they've become and celebrate not just language growth, but personal transformation.

Part II — Instructional Guide

This section provides a detailed instructional guide for all 48 sessions. Each regular lesson includes story context, lesson objectives, learning outcomes, language focus, and a step-by-step activity breakdown. Each project session includes setup instructions, activity steps, and assessment criteria.

All sessions follow a consistent 2-hour structure designed for A1 young learners. Teachers are encouraged to adapt timing and activities to their specific classroom context while maintaining the story arc and soft skills focus.

Chapter 1: Welcome to Luminos

Weeks 1 – 4 | Soft Skills: Empathy, Self-Expression, Making Connections, Communication

Chapter Overview

Mira, a curious and kind young girl, arrives at the magical gate of Luminos — a land where animals talk, flowers sing, and new friendships bloom like wildflowers. She doesn't know anyone yet and feels nervous and excited at the same time. Over the first four weeks, Mira meets Leo (cheerful and energetic), Zara (quiet and bookish), Tom (playful and impulsive), and Luna (gentle and caring). Together, they show her around Luminos, and a Welcome Festival brings everyone together at the end of the chapter.

Session 1 · Week 1 · Mira's Journey Begins

Story Moment: *Mira arrives at the glowing gate of Luminos. Everything is new, colorful, and a little bit scary. She stands at the entrance, wide-eyed and nervous, clutching her bag.*

Soft Skill Focus: Empathy — Understanding new feelings

Lesson Objectives	Learning Outcomes
- Students will use basic greeting expressions in English. - Students will recognize and name feelings associated with new experiences. - Students will empathize with a character facing an unfamiliar situation.	- Students can say and respond to 'Hello,' 'Hi,' 'Goodbye,' and 'Nice to meet you.' - Students can identify at least 3 emotions (happy, nervous, excited) using visual cues. - Students demonstrate empathy by describing how Mira might feel and why.

Vocabulary	Language Structures
hello • goodbye • name • happy • nervous • excited • new • friend • welcome • feel	<i>Hello! My name is ____.</i> • <i>Nice to meet you!</i> • <i>I feel ____.</i>

Teaching Activities (120 minutes total)

Activity	Time	Description & Instructions
Warm-Up: Emotion Gallery Walk	15 min	Display large emotion flashcards around the room. Students walk and point to how they feel today. Teacher models: 'I feel happy today.' Introduce 'nervous' and 'excited' using story context.
Story Time: Mira at the Gate	20	Narrate the story with visuals or puppets — Mira arrives, sees colorful houses, hears birds sing, feels

	min	her heart beat fast. Pause and ask: 'How does Mira feel? Why?' Students reply with emotion words.
Language Focus: Greeting Circles	30 min	Students stand in two concentric circles. Inner circle rotates every 30 seconds. Each pair greets using: 'Hello! My name is _____. Nice to meet you!' Teacher models first.
Soft Skills: Empathy Map	25 min	Students receive an outline of Mira's face. They draw her expression and complete the sentence: 'Mira feels _____ because _____.' Teacher asks: 'Did you ever feel like Mira? Tell us.'
Guided Practice: Luminos Name Badges	20 min	Students design a name badge — their name, a greeting sentence, and a drawing of their face showing how they'd feel arriving in Luminos. Decorate with stars and swirls.
Cool Down: Goodbye Circle	10 min	Students stand in a circle. Each says 'Goodbye, [name]! See you next time!' to the person beside them. End with a class farewell chant.

Session 2 · Week 1 · The Magic Gate

Story Moment: *Mira steps through the gate and sees Luminos for the first time — vibrant colors, unusual shapes, magical creatures big and small.*

Soft Skill Focus: Curiosity — Noticing the world around you

Lesson Objectives	Learning Outcomes
- Students will identify and name basic colors and numbers 1–10. - Students will use 'I see...' and 'There is/are...' to describe their surroundings. - Students will practice curiosity by noticing and asking about new things.	- Students can name at least 8 colors accurately. - Students can form a sentence using 'I see a [color] [object].' - Students ask at least one 'What is that?' question during the lesson.

Vocabulary	Language Structures
red • blue • yellow • green • purple • pink • orange • big • small • beautiful	<i>I see a _____. • There is a _____. • What is that?</i>

Teaching Activities (120 minutes total)

Activity	Time	Description & Instructions
Warm-Up: Color Splash	15 min	Teacher holds up color cards one by one. Students shout the color name. Gradually increase speed. Introduce any unknown colors by pointing to classroom objects.
Story Time: Through the Gate	20 min	Show an illustrated scene of Luminos — a purple river, pink trees, green castles. Teacher narrates. Students point and name colors they see. Ask: 'What do you see? What color is it?'
Language Focus: Color Hunt	30 min	Students walk around the classroom with a checklist. They find objects matching each color and write or draw them. Share results: 'I see a blue chair.'
Soft Skills: Wonder Journal Entry 1	25 min	Students draw one thing they'd most want to see in Luminos. They label it with a color and a number ('3 purple butterflies'). Share with a partner.
Guided Practice: Luminos Counting Mural	20 min	As a class, create a simple mural of Luminos on a shared sheet. Each student adds one thing and says: 'I see [number] [color] [thing].'
Cool Down: Color of the Day Vote	10 min	Class votes on a 'Color of the Day' to represent Luminos. Students raise their hand for their favorite. Count together and announce the winner.

Session 3 · Week 1 · Leo's Big Smile

Story Moment: *A cheerful boy named Leo runs up to Mira, grinning from ear to ear. He loves animals and talks very fast. He is the first real friend Mira makes.*

Soft Skill Focus: Empathy — Recognizing emotions in others

Lesson Objectives	Learning Outcomes
- Students will identify and express a range of feelings. - Students will use 'I feel ____' and 'You look ____' in context. - Students will recognize nonverbal expressions of emotion.	- Students can name and act out at least 5 emotions. - Students can use 'You look happy/sad/excited' when describing a peer. - Students identify emotion clues (face, posture, tone) from pictures and stories.

Vocabulary	Language Structures
happy • sad • angry • scared • surprised • tired • bored • excited • smile • face	<i>I feel ____.</i> • <i>You look ____.</i> • <i>Are you okay?</i>

Teaching Activities (120 minutes total)

Activity	Time	Description & Instructions
Warm-Up: Emotion Charades	15 min	Students take turns acting out an emotion card without words. Class guesses: 'You look happy!' Award a Luminos star for each correct guess.
Story Time: Leo Appears!	20 min	Narrate Leo running up to Mira — big smile, arms wide, talking fast. Ask: 'How does Leo feel? How does Mira feel now? Has a stranger's smile ever made you feel better?'
Language Focus: Feelings Fan	30 min	Each student gets a small fan of emotion face cards. Teacher says situations ('You get a new puppy!') and students hold up the matching card. Then form sentences: 'I feel ____!'
Soft Skills: Acts of Kindness Brainstorm	25 min	Class discusses: 'Leo smiled at Mira. How did that help? What small things can WE do to help someone feel welcome?' Students brainstorm and share. List ideas on a class chart.
Guided Practice: Feeling Postcards	20 min	Students make a postcard from Leo to Mira. They draw Leo's face and write: 'Hello Mira! I feel ____ to meet you! — Leo'
Cool Down: Today's Feeling Check-In	10 min	Each student shares one feeling word before leaving. Teacher records on a class emotion chart. Begin this as a daily classroom ritual.

Session 4 · Week 2 · **Zara's Library**

Story Moment: *Leo takes Mira to meet Zara, who spends every afternoon in the magical Luminos Library — a building that grows new books from trees.*

Soft Skill Focus: Communication — Naming the world around you

Lesson Objectives	Learning Outcomes
- Students will learn classroom and school object vocabulary. - Students will use 'This is a ____' and 'These are ____' accurately. - Students will practice respectful communication in a shared space.	- Students can name at least 10 school objects accurately. - Students use 'This is a ____' and 'These are ____' in sentences. - Students demonstrate respectful turn-taking during activities.

Vocabulary	Language Structures
book • pen • pencil • ruler • bag • table • chair • board • eraser • notebook	<i>This is a ____.</i> • <i>These are ____.</i> • <i>Where is the ____?</i>

Teaching Activities (120 minutes total)

Activity	Time	Description & Instructions
Warm-Up: Mystery Bag	15 min	Teacher has a bag with classroom objects. Students reach in (without looking), feel an object, and guess: 'Is this a pen? Is this a book?' Then pull it out to check.
Story Time: Inside the Library	20 min	Describe the Luminos Library — shelves to the ceiling, books that whisper, Zara sitting quietly reading. Ask: 'What do you see? What are the objects?'
Language Focus: Object Hunt Bingo	30 min	Students get a 3x3 bingo card with classroom object pictures. Teacher calls out items. Students find the real object in the room, touch it, and say 'This is a ____!' to mark their card.
Soft Skills: Quiet Respect Activity	25 min	Introduce the concept of 'library voice.' Discuss: 'Why is it important to be quiet in a library? How does it feel when someone is loud and you're trying to concentrate?' Practice whispering activities.
Guided Practice: My Library Label Book	20 min	Students draw their ideal room (bedroom, classroom, library) and label 5+ objects. Share with a partner using: 'This is a ____.' 'These are ____s.'
Cool Down: Zara's Book Title	10 min	Students invent a fun book title for Zara to read. Share: 'Zara reads a book called ____.' Class votes on the most creative title.

Session 5 · Week 2 · **Tom's Silly Mistakes**

Story Moment: *Tom, the most energetic kid in Luminos, trips, drops things, and causes chaos — but always laughs and tries again. He introduces the idea that mistakes are okay.*

Soft Skill Focus: Resilience — Learning from mistakes

Lesson Objectives	Learning Outcomes
- Students will learn and use action verbs in simple sentences. - Students will practice 'I can ____' and 'I can't ____ yet' language. - Students will develop a growth mindset around making mistakes.	- Students can use at least 8 action verbs in spoken sentences. - Students use 'I can ____' and 'I can't ____ yet' with confidence. - Students verbally acknowledge that mistakes are part of learning.

Vocabulary	Language Structures
run • jump • read • write • sing • draw • climb • swim • dance • try	<i>I can ____.</i> • <i>I can't ____ yet.</i> • <i>I will try again!</i>

Teaching Activities (120 minutes total)

Activity	Time	Description & Instructions
Warm-Up: Action Simon Says	15 min	Play Simon Says with action verbs. 'Simon says jump! Simon says clap!' Whenever someone makes a mistake, teacher says 'That's okay! Try again!' Model a laughing, cheerful reaction.
Story Time: Tom's Wild Morning	20 min	Tell the story of Tom's morning: he tries to juggle apples, drops them; tries to do a somersault, rolls into a wall; tries to climb a tree, slips down. Each time he says 'Oops! I'll try again!' Ask: 'Is Tom sad? What does he do?'
Language Focus: Can/Can't Survey	30 min	Students ask classmates: 'Can you swim? Can you dance?' Record answers in a chart with pictures. Share results: '[Name] can swim. [Name] can't swim yet.'
Soft Skills: Mistake Mountain	25 min	Draw a mountain on the board. At the top = success. On the way up = mistakes. Each student writes or draws one thing they found difficult at first but can do now. Place it on the mountain.
Guided Practice: Tom's Try Again Diary	20 min	Students draw Tom trying something and failing, then trying again and succeeding. Caption: 'Tom can't ____ yet. Tom tries again. Now Tom can ____!'

Cool Down: 'I Will Try' Pledge	10 min	Class repeats together: 'Mistakes are okay. I will try again. I am learning.' Students clap once after each line. Leave posters on the wall all term.
---------------------------------------	--------	---

Session 6 · Week 2 · **Luna's Kindness**

Story Moment: *Luna is the gentlest of the group. When Mira looks lost and tired, Luna is the first to notice — and the first to offer help without being asked.*

Soft Skill Focus: Empathy — Seeing when others need help

Lesson Objectives	Learning Outcomes
- Students will learn body parts vocabulary and 'How are you?' expressions. - Students will use 'Are you okay?' and 'I feel ____' in a caring context. - Students will identify nonverbal cues that someone needs help or comfort.	- Students can name at least 8 body parts accurately. - Students use caring phrases: 'Are you okay? You look tired. Can I help?' - Students notice and respond to a peer's nonverbal signals in role play.

Vocabulary	Language Structures
head • eyes • mouth • hands • feet • tired • hurt • help • kind • okay	<i>Are you okay? • I feel ____ • Can I help you? • Thank you!</i>

Teaching Activities (120 minutes total)

Activity	Time	Description & Instructions
Warm-Up: Head, Shoulders, Knees & Toes (Luminos Version)	15 min	Teach a Luminos version of the classic song with extra body parts. Students touch and repeat. Speed up each round. Laugh and restart when mistakes happen.
Story Time: Luna Notices	20 min	Describe Mira sitting alone, looking down, with tired eyes and slow movements. Luna watches and walks over: 'Are you okay? You look tired.' Mira smiles. Ask: 'How did Luna know Mira needed help? Did she use words?' Discuss nonverbal signals.
Language Focus: Feelings Body Map	30 min	Students draw an outline of a body. In different areas, they draw how feelings 'live' in the body (e.g., butterflies in the tummy = nervous, heavy feet = tired). Share and discuss.
Soft Skills: Kindness Scenario Cards	25 min	Pairs receive scenario cards showing someone who looks sad, tired, or lost. They practice: 'Are you okay? Can I help?' and respond: 'I feel ____ . Thank you.'

		Swap roles.
Guided Practice: Luna's Kindness Journal	20 min	Students write or draw: 'One kind thing I can do for a friend is ____.' Share with the class and display on a 'Kindness Wall.'
Cool Down: Two-Word Check-In	10 min	Students say two words to describe how they feel today. Teacher writes them on the board. Note patterns with the class: 'Many of us feel ____ today.'

Session 7 · Week 3 · The Luminos Map

Story Moment: *Leo shows Mira a hand-drawn map of Luminos — colorful, full of funny labels and arrows. They walk together and explore each place.*

Soft Skill Focus: Critical Thinking — Organizing information spatially

Lesson Objectives	Learning Outcomes
- Students will learn and use vocabulary for common places (house, park, school, shop, river). - Students will use basic prepositions: in, on, next to, near. - Students will practice describing locations in simple sentences.	- Students can name at least 6 places in a town or village. - Students use 'The ____ is next to the ____' correctly in sentences. - Students can follow simple map instructions using place vocabulary.

Vocabulary	Language Structures
house • school • park • shop • river • library • bridge • garden • near • next to	<i>The ____ is next to the ____.</i> • <i>Go to the ____.</i> • <i>Where is the ____?</i>

Teaching Activities (120 minutes total)

Activity	Time	Description & Instructions
Warm-Up: Place Flashcard Race	15 min	Two teams race to correctly identify place flashcards. Teacher holds up a card, first team to shout the name wins a star. Repeat 3 rounds.
Story Time: Leo Reads the Map	20 min	Show a Luminos map illustration. Leo points to each place: 'The library is next to the garden. The bridge is near the river.' Teacher and students narrate together.
Language Focus: My Luminos Map	30 min	Students draw their own Luminos neighborhood map. They place at least 5 buildings and label them. Then describe to a partner using prepositions.

Soft Skills: Getting Lost Discussion	25 min	Ask: 'Have you ever been lost? How did you feel? What did you do?' Discuss problem-solving strategies (ask for help, look for landmarks, stay calm). Connect to critical thinking.
Guided Practice: Give Me Directions	20 min	In pairs, one student has the map, one has a starting point. Give and follow simple directions: 'Go to the park. Turn near the shop.' Check if they arrive at the right place.
Cool Down: Best Luminos Place	10 min	Students vote on their favorite Luminos location. Count and announce the winner. Ask 2-3 students: 'Why do you like the ____?'

Session 8 · Week 3 · The New Friend Test

Story Moment: *The friends decide to officially welcome Mira by asking her funny questions to see if she's a 'true Luminos friend.' But Tom asks too many and Mira laughs.*

Soft Skill Focus: Communication — Asking and answering questions

Lesson Objectives	Learning Outcomes
- Students will form and answer basic personal information questions. - Students will distinguish between polite and impolite questions. - Students will practice turn-taking in conversations.	- Students can ask and answer: 'What is your name? How old are you? Where are you from? What do you like?' - Students identify 2 differences between polite and impolite questions. - Students practice a 4-line conversation without teacher prompts.

Vocabulary	Language Structures
name • age • old • from • like • live • favorite • question • answer • polite	<i>What is your name? • How old are you? I am _____. • Where are you from? • What do you like?</i>

Teaching Activities (120 minutes total)

Activity	Time	Description & Instructions
Warm-Up: Question Ball	15 min	Teacher throws a soft ball. Whoever catches it must answer a question ('What is your name?'). Then that student throws to someone else and asks any question they know.
Story Time: Tom's 100 Questions	20 min	Narrate Tom firing off silly questions at Mira — 'Do you like purple clouds? Can you talk to fish? What's your middle name backwards?' Mira laughs. Discuss:

		'Which questions were helpful? Which were silly?'
Language Focus: Interview Role Play	30 min	Students are 'Luminos reporters.' They interview a partner using 4 prepared questions, record answers in a 'passport,' and then introduce their partner to the class.
Soft Skills: Polite vs. Nosy Discussion	25 min	Show question cards. Students sort them into 'Good to ask' and 'Too personal.' Discuss: 'How does it feel when someone asks too many questions? How can you say I don't want to answer politely?'
Guided Practice: Luminos Passport	20 min	Students create their own Luminos passport with their answers to the key questions, a photo (drawing), and a stamp. Decorate in the color palette.
Cool Down: Passport Share	10 min	Students share one fact from their passport with the class. Build a 'We Are Luminos' display with all passports on the wall.

Project Session 1 · **PROJECT 1 — My Luminos Friend Card**

Project Context: *To celebrate the new friendships in Luminos, students create a special Friend Card for a classmate — introducing them as a Luminos citizen.*

Project Objectives	Expected Outcomes
- Students will apply greeting, emotion, and place vocabulary creatively. - Students will demonstrate understanding of a classmate's identity and qualities. - Students will present a short verbal introduction in English.	- Students produce a complete, decorated Friend Card with name, feelings, and greetings. - Students deliver a 3–4 sentence introduction of their chosen classmate. - Students use at least 5 vocabulary items from Chapters 1–3 correctly.

Materials Needed

- A4 card paper (pre-cut)
- Colored pens and markers
- Stickers and stamps (optional)
- Luminos character stickers
- Display board

Project Steps (120 minutes total)

Step	Time	Teacher Instructions
Setup & Planning	15 min	Teacher assigns each student a classmate to feature. Students think about 3 things they know or have observed about that person (a color they like, a feeling they often show, something kind they did).
Card Creation	50 min	Students design the card including: classmate's name, a Luminos greeting, 2 feelings ('They feel ____ when ____'), a favorite color, and an illustration. Teacher circulates and prompts with question scaffolds.
Rehearsal & Practice	20 min	Students rehearse presenting their card aloud. Practice: 'This is [name]. They are from _____. They feel ____ when _____. Their favorite color is _____. They are a good friend because ____.' Peer feedback on pronunciation.
Presentations & Display	35 min	Each student stands, shows their card, and presents their classmate in 3–4 sentences. Class applauds after each presentation. Cards are displayed on the 'Luminos Wall of Friends.'

Assessment Criteria

- Uses target vocabulary accurately (5+ words)
- Produces a complete, legible card
- Delivers verbal introduction confidently
- Demonstrates awareness of their classmate's qualities
- Participates respectfully as an audience member

Session 10 · Week 4 · **Mira's First Meal**

Story Moment: *Luna invites everyone to her house for a Luminos feast. There are foods no one has ever seen, and everyone has to try something new.*

Soft Skill Focus: Open-Mindedness — Trying new things

Lesson Objectives	Learning Outcomes
• Students will learn food and drink vocabulary. • Students will use 'I like / I don't like / I want to try' in context. • Students will explore the idea of open-mindedness when faced with the unfamiliar.	• Students can name at least 10 common foods and drinks. • Students produce sentences: 'I like _____. I don't like _____. I want to try _____.' • Students demonstrate open-mindedness by role-playing trying a new food.

Vocabulary	Language Structures
apple • bread • water • milk • rice • cake • soup • juice • sweet • try	<i>I like ____.</i> • <i>I don't like ____.</i> • <i>I want to try ____.</i> • <i>It tastes ____.</i>

Teaching Activities (120 minutes total)

Activity	Time	Description & Instructions
Warm-Up: Taste Faces	15 min	Teacher shows pictures of people tasting things — sweet, sour, spicy, yummy, yucky. Students copy the face and name the feeling. Introduce 'It tastes ____!'
Story Time: Luna's Magic Table	20 min	Describe the feast table — glowing blue fruits, spiral bread, tiny cakes that sing. Mira is nervous to try. Leo jumps right in. Tom eats everything. Ask: 'What would YOU try first? Why?'
Language Focus: Food Survey	30 min	Students walk around with a food survey card. They ask 3 classmates: 'Do you like ____?' Record results as smiley/sad faces. Compile class results on the board.
Soft Skills: New Foods Discussion	25 min	Discuss: 'Why do we sometimes say no to new food? What could help us be more open? Have you ever tried something scary that turned out to be delicious?' Share stories.
Guided Practice: My Luminos Menu	20 min	Students design a restaurant menu for Luminos. They invent 3 magical foods with fun names and describe them: 'Moonberry Cake — it tastes sweet and smells like flowers.'
Cool Down: Food of the Day	10 min	Teacher shows one unusual real fruit or vegetable (or a picture). Students guess what it is, what it might taste like, and say if they'd try it. Practice: 'I think it tastes ____.' 'I want to try it!'

Session 11 • Week 4 • The Welcome Festival Begins

Story Moment: *Luminos throws Mira a Welcome Festival! Everyone decorates, dances, and plays games. It's a day full of color, music, and new memories.*

Soft Skill Focus: Belonging — Celebrating community

Lesson Objectives	Learning Outcomes
- Students will learn days of the week and time expressions ('today,' 'tomorrow'). - Students will use 'Today is ____' and 'We are	- Students can name all 7 days of the week in order. - Students use 'Today is ____,' we are going to

going to ____' in context.

- Students will articulate what makes a place feel welcoming.

____' in spoken sentences.

- Students express 2–3 ideas about what makes someone feel welcome.

Vocabulary	Language Structures
Monday • Tuesday • Wednesday • Thursday • Friday • Saturday • Sunday • today • tomorrow • celebrate	<i>Today is ____.</i> • <i>Tomorrow is ____.</i> • <i>We are going to ____.</i> • <i>I am happy because ____.</i>

Teaching Activities (120 minutes total)

Activity	Time	Description & Instructions
Warm-Up: Days of the Week Chant	15 min	Teach a clapping chant for the days of the week. Class repeats in groups, getting faster. Introduce 'today' and 'tomorrow' using a visual calendar.
Story Time: The Festival Square	20 min	Narrate the festival scene — banners, music, games, food stalls, everyone smiling. Mira stands in the middle and says: 'I feel at home.' Ask: 'What made Mira feel at home? What makes YOU feel welcome somewhere?'
Language Focus: Festival Schedule	30 min	Students help plan a festival timetable. Teacher gives activity cards (games, food, music, dancing). Students arrange them by day and say: 'On Monday we are going to play games. On Tuesday we are going to eat cake.'
Soft Skills: Welcome Wall Design	25 min	Class brainstorms: 'What makes a classroom welcoming? What words, actions, or displays make people feel they belong?' Students write or draw one thing and add it to a large 'Welcome Wall' poster.
Guided Practice: My Festival Invitation	20 min	Students design an invitation to the Welcome Festival. They write: 'Come to the ____ Festival! It is on ____ (day). We are going to ____! — [their name]'
Cool Down: Favorite Memory	10 min	Students share one thing they're looking forward to at the festival (real or imaginary). Use: 'I am excited because we are going to ____!'

Project Session 2 · **PROJECT 2 — Welcome Festival Performance**

Project Context: *The chapter closes with a class Welcome Festival. Students perform their contributions — presenting who they are and celebrating together as a Luminos community.*

Project Objectives	Expected Outcomes
- Students will consolidate all Chapter 1 language in a meaningful, creative output. - Students will present confidently in front of the group. - Students will celebrate shared progress and community.	- Each student presents at least 5 sentences using Chapter 1 vocabulary and structures. - Students produce one creative performance item (song, poem, skit, or speech). - Students engage as respectful, encouraging audience members.

Materials Needed

- Performance props (costumes, flags, crowns — student made)
- Poster paper
- Glue and scissors
- Class camera for documentation (optional)
- Star-shaped stickers for 'audience applause'

Project Steps (120 minutes total)

Step	Time	Teacher Instructions
Festival Setup	15 min	Arrange the classroom like a festival square. Groups are assigned a 'booth' — each has a theme (greetings, feelings, maps, food). Students prepare their presentation space.
Performance Rotation	55 min	Groups rotate every 10–12 minutes. At each booth, one group presents and the others watch. Presentations include: a greeting skit, emotion mime, map explanation, and food tasting roleplay. Teacher observes and notes language use.
Full Class Sharing	30 min	Each group shares one highlight with the full class. They begin: 'Hello! We are from [team name]. Today we show you ____.' Class gives a star sticker to each presenter.
Reflection & Portfolio	20 min	Students complete a reflection card: 'I learned _____. My favorite activity was _____. I can say _____. Cards are collected for teacher assessment and stored in each student's portfolio.

Assessment Criteria

- Uses at least 5 Chapter 1 vocabulary items correctly
- Speaks in front of the group without major prompting
- Completes reflection card thoughtfully
- Demonstrates awareness of Chapter 1 soft skills (empathy, kindness, curiosity)
- Engages positively with classmates' performances

Chapter 2: The Whispering Garden

Weeks 5 – 8 | Soft Skills: Critical Thinking, Curiosity, Problem-Solving, Creativity

Chapter Overview

The magical garden at the heart of Luminos has stopped blooming. The flowers droop, the colors fade, and no one knows why. The friends take on the mystery, searching for clues, testing ideas, and disagreeing about solutions. They ultimately discover that the garden thrives only when the people of Luminos are kind to one another — and that their own friendship was the missing ingredient all along.

Session 13 · Week 5 · Something Is Wrong

Story Moment: *The friends walk past the garden and notice something shocking — the flowers are grey, the grass is dry, and the singing birds have gone silent.*

Soft Skill Focus: Critical Thinking — Identifying a problem

Lesson Objectives	Learning Outcomes
- Students will learn nature vocabulary (flowers, trees, sun, rain, garden). - Students will use 'There is/There are' with positive and negative forms. - Students will identify and describe a problem using simple English.	- Students can name 8+ nature words accurately. - Students say 'There is no ____' and 'There are no ____s' to describe absence. - Students describe the garden problem in 2 sentences.

Vocabulary	Language Structures
flower • tree • leaf • garden • grass • sun • rain • sky • color • grey	<i>There is a ____.</i> • <i>There is no ____.</i> • <i>There are no ____s.</i> • <i>Something is wrong.</i>

Teaching Activities (120 minutes total)

Activity	Time	Description & Instructions
Warm-Up: Before & After Nature Flashcards	15 min	Show two images: a blooming, colorful garden and a grey, dead garden. Students call out differences: 'There are flowers! / There are no flowers!'
Story Time: The Grey Garden	20 min	Narrate the friends' discovery. Describe the sadness of the scene. The friends look at each other — someone must find out why. Ask: 'What do you think is wrong? How can they find out?'

Language Focus: Nature Word Web	30 min	Create a class word web around 'garden.' Students contribute words and arrange them in categories (plants, weather, animals, colors). Build the web on the board together.
Soft Skills: Problem Identification	25 min	Discuss the steps of noticing a problem: 1. What do you see? 2. What is missing? 3. What do you feel? Students practice this with the garden scenario, then with a classroom scenario.
Guided Practice: Garden Comparison Drawing	20 min	Students fold paper in half. Left side: 'Before' (draw a beautiful garden). Right side: 'Now' (draw the grey garden). Label with sentence starters: 'There is/are ____' and 'There is/are no ____s.'
Cool Down: Question of the Day	10 min	Students write or say one question about the garden: 'Why is the garden grey? Where did the flowers go?' Post questions on a 'Mystery Board' to revisit.

Session 14 · Week 5 · The First Clue

Story Moment: *Zara studies the garden carefully and finds the first clue — one small flower that is still alive, hidden under a bench where two children played happily that morning.*

Soft Skill Focus: Critical Thinking — Observing and noticing details

Lesson Objectives	Learning Outcomes
- Students will use descriptive adjectives for appearance (big, small, bright, dark, soft, rough). - Students will practice 'It looks like ____' and 'I think it is ____' for inference. - Students will develop observation skills through structured activities.	- Students use at least 5 descriptive adjectives correctly. - Students make inferences: 'I think the flower is alive because ____.' - Students identify 3 differences between two pictures.

Vocabulary	Language Structures
small • bright • soft • dark • alive • dead • clue • notice • look • find	<i>It looks like ____.</i> • <i>I think it is ____ because ____.</i> • <i>I notice ____.</i>

Teaching Activities (120 minutes total)

Activity	Time	Description & Instructions
Warm-Up: Spot the Difference	15 min	Show two almost-identical garden pictures. Students must find 5 differences. First to find all 5 wins. Practice 'I notice ____' and 'This one has ____, but that one doesn't.'
Story Time: Zara's Discovery	20 min	Narrate Zara on her hands and knees, looking carefully. She finds the tiny flower. Ask: 'What does it look like? Why do you think this one survived? What was special about that spot?'
Language Focus: Adjective Matching	30 min	Students match adjective cards to nature object pictures (e.g., 'soft' → petal; 'rough' → tree bark; 'bright' → sun). Build sentences together.
Soft Skills: The Power of Noticing	25 min	Discuss: 'Zara noticed something everyone else missed. Why is it important to slow down and look carefully? When did YOU notice something important that others missed?' Share stories.
Guided Practice: Clue Report Card	20 min	Students fill in a 'clue report': 'I found _____. It looks _____. It is _____ (adjective). I think it means _____.'
Cool Down: Detective Pledge	10 min	Class repeats the Luminos Detective Pledge: 'I will look carefully. I will notice details. I will ask questions. I am a great detective!'

Session 15 · Week 5 · Zara's Big Question

Story Moment: *Zara asks the key question: 'Why was the flower near the bench alive when others weren't?' The friends realize: two children were playing and laughing there all morning.*

Soft Skill Focus: Critical Thinking — Asking 'why' questions

Lesson Objectives	Learning Outcomes
- Students will form and respond to 'Why...? Because...' sentences. - Students will practice logical reasoning using simple language. - Students will understand the difference between a fact and a guess.	- Students produce at least 3 'Why... Because' sentence pairs. - Students distinguish between 'I think' (guess) and 'I know' (fact). - Students generate 2 possible explanations for the garden mystery.

Vocabulary	Language Structures
why • because • think • know • idea • reason • maybe • perhaps • true • guess	<i>Why ____? • Because ____.</i> • <i>I think ____ because ____.</i> • <i>Maybe it is ____.</i>

Teaching Activities (120 minutes total)

Activity	Time	Description & Instructions
Warm-Up: Why Chain	15 min	Teacher starts: 'The garden is grey.' Student 1: 'Why?' Teacher: 'Because there is no sun.' Student 2: 'Why is there no sun?' Continue the chain. Reinforce 'Why...? Because...' naturally.
Story Time: The Big Question	20 min	Narrate Zara staring at the bench, getting very still, and suddenly shouting 'I know why!' Ask: 'Do you have a theory? Why did that flower survive? Use 'I think... because...'
Language Focus: Because Sentence Building	30 min	Students get sentence halves on cards. They find their matching partner (question + because answer). Then write 3 new 'Why... Because...' pairs about the garden mystery.
Soft Skills: Think vs. Know Sort	25 min	Give students a series of statements. They decide: 'Is this a FACT or a GUESS?' Sort them into two columns. Discuss: 'Why is it important to know the difference?'
Guided Practice: Theory Board	20 min	Groups write their best theory on a card: 'We think the garden is grey because ____.' Display on the Mystery Board and read each one aloud.
Cool Down: Question of the Day	10 min	Each student writes one 'Why' question about anything — school, life, the world. Read a few aloud. Celebrate curiosity.

Session 16 · Week 6 · The Talking Flowers

Story Moment: *The last living flower opens its tiny mouth and whispers something. The friends lean in... and listen carefully to what it says.*

Soft Skill Focus: Curiosity — Listening and learning from unexpected sources

Lesson Objectives	Learning Outcomes
- Students will learn plant life cycle and growth vocabulary. - Students will use present continuous: 'The	- Students can describe a plant's life cycle using 4+ words. - Students use present continuous tense in 3

flower is growing / wilting / blooming.'

- Students will practice active listening through story-based activities.

sentences.

- Students demonstrate active listening by summarizing what they heard.

Vocabulary	Language Structures
seed • grow • bloom • wilt • water • sunlight • root • petal • spring • season	<i>The flower is ____ -ing. • It is growing because ____.</i> <i>• First ____, then ____, finally ____.</i>

Teaching Activities (120 minutes total)

Activity	Time	Description & Instructions
Warm-Up: Plant Life Cycle Mime	15 min	Students act out a plant growing — start curled up as a seed, slowly grow, reach toward the sun, bloom, then wilt. Teacher narrates. Introduce vocabulary through movement.
Story Time: The Flower Speaks	20 min	Narrate the flower whispering — describe the sound, the magic, the friends leaning in. Read the flower's 'message' aloud (written on a big card). Ask students to predict what it says first.
Language Focus: Present Continuous Garden	30 min	Show garden scene cards. Students describe what is happening: 'The flowers are blooming. The bee is flying. The leaves are falling.' Practice affirmative and negative forms.
Soft Skills: Active Listening Practice	25 min	Teacher reads a short paragraph. Students are NOT allowed to write. Afterwards, they must recall 3 details. Discuss: 'What helps you listen better? What makes it hard to listen?'
Guided Practice: Flower Diary	20 min	Students write a diary entry as the flower: 'Today I am _____. I am growing because _____. I need _____. I feel _____. ' Illustrate and share.
Cool Down: Quiet Listening Minute	10 min	Class sits in complete silence for 60 seconds. Afterwards, students share one thing they heard or noticed. Discuss: 'Why is silence sometimes powerful?'

Session 17 · Week 6 · Too Much or Too Little?

Story Moment: *Tom tries to fix the garden by giving it EVERYTHING — water, sun, singing, dancing. But more isn't always better. The garden gets worse!*

Soft Skill Focus: Problem-Solving — Understanding balance and consequences

Lesson Objectives	Learning Outcomes
- Students will learn size and quantity vocabulary: big, small, too much, too little, enough. - Students will use comparative language: bigger, smaller, more, less. - Students will understand the concept of cause and consequence.	- Students use 'too much / too little / just right' in context. - Students form simple comparisons: '___ is bigger than ___.' - Students predict the consequence of an action in a sentence.

Vocabulary	Language Structures
big • small • tall • short • more • less • too much • too little • enough • balance	___ is bigger than _____. • There is too much _____. • There is too little _____. • If ___, then _____.

Teaching Activities (120 minutes total)

Activity	Time	Description & Instructions
Warm-Up: Goldilocks Sorting	15 min	Show sets of 3 objects (small/medium/large). Students sort: 'Too small! Too big! Just right!' Extend to quantities: 'Too much water! Too little! Just right!'
Story Time: Tom's Big Mistake	20 min	Narrate Tom pouring buckets of water, holding 10 lamps for sunlight, singing off-key for an hour straight. The flower shivers. Ask: 'What went wrong? What would YOU have done differently?'
Language Focus: Comparison Stations	30 min	Students rotate through stations comparing objects using measurement cards. They record: '___ is bigger/taller/heavier than ____.' Share with the class.
Soft Skills: Cause & Consequence Cards	25 min	Pairs receive cause cards ('Tom gives the flower 10 liters of water'). They write/say the consequence: 'If Tom gives the flower too much water, then ____.' Discuss: sometimes helping too much can harm.
Guided Practice: Balance Recipe	20 min	Students write a 'recipe for a happy garden': 'You need ___ sunlight (not too much!). You need ___ water (just right!). You need ____.' Decorate as a recipe card.
Cool Down: Real-Life Balance	10 min	Ask: 'Can you think of a time when TOO MUCH of something was a problem in real life?' (too much TV, too much candy, too much noise). Share examples.

Session 18 · Week 6 · **Tom's Big Plan**

Story Moment: *Tom calms down and thinks carefully. He makes a proper plan — step by step — and shares it with the group. For the first time, his ideas actually make sense.*

Soft Skill Focus: Problem-Solving — Planning step by step

Lesson Objectives	Learning Outcomes
- Students will use sequencing language: first, then, next, after that, finally. - Students will plan a simple process in sequential steps. - Students will practice collaborative planning skills.	- Students produce a 4-step plan using sequencing words. - Students use transition words correctly in spoken and written sentences. - Students demonstrate turn-taking during group planning activity.

Vocabulary	Language Structures
first • then • next • after that • finally • plan • step • order • do • finish	<i>First, _____. Then, _____. Next, _____. After that, _____. Finally, _____. </i>

Teaching Activities (120 minutes total)

Activity	Time	Description & Instructions
Warm-Up: Scrambled Instructions	15 min	Show 4 pictures of a process (e.g., making a sandwich) in wrong order. Students put them in the right sequence. Narrate using 'First... Then... Finally...'
Story Time: Tom's Plan	20 min	Show Tom's plan (on a big poster) — step 1, 2, 3, 4 with pictures. He presents it confidently. The friends listen. Ask: 'Is this a good plan? What is missing?'
Language Focus: Sequence Chains	30 min	Students receive sets of action cards. They arrange them and write the sequence aloud using transition words. Topics: morning routine, growing a plant, making a friend.
Soft Skills: Planning Together	25 min	Groups of 3 plan 'How to make the garden happy again' in 4 steps. Each student must contribute one step. Discuss: 'Was it hard to agree? How did you decide whose idea to use?'
Guided Practice: My Step-by-Step Plan	20 min	Students write their own plan for fixing the garden in 4 steps with a drawing for each. Label with sequencing words and share with a partner.
Cool Down: One Thing at a Time	10 min	Discuss: 'Why is it helpful to do things one step at a time instead of all at once?' Link to personal

experience. Reinforce the value of planning.

Session 19 · Week 7 · The Secret Ingredient

Story Moment: *After many failed plans, Mira sits quietly in the garden and notices: the one spot with a living flower is where Leo and Luna had been laughing and playing together.*

Soft Skill Focus: Empathy & Kindness — Understanding the power of positive emotions

Lesson Objectives	Learning Outcomes
- Students will expand emotion and kindness vocabulary. - Students will use 'When I ____, I feel ____' to describe emotional triggers. - Students will connect kindness to positive outcomes through story.	- Students name 8+ emotion and kindness words. - Students form 'When I ____, I feel ____' sentences independently. - Students articulate why kindness matters using a story example.

Vocabulary	Language Structures
kindness • joy • love • care • laugh • play • share • together • warm • grow	<i>When I ____, I feel ____.</i> • <i>Kindness makes ____.</i> • <i>Together we can ____.</i>

Teaching Activities (120 minutes total)

Activity	Time	Description & Instructions
Warm-Up: Warm Word Storm	15 min	Students call out words that feel 'warm and kind.' Write them on the board in pink and purple. Count them. Ask: 'How do these words make you feel?'
Story Time: Mira's Observation	20 min	Narrate Mira watching Leo and Luna play, noticing the flower blooming beside them. She gasps. Ask: 'What is she realizing? Is this scientific? Is kindness a real force?'
Language Focus: Feelings Chain	30 min	Students build emotional chains: 'When Leo laughed, Luna felt happy. When Luna felt happy, she smiled. When she smiled, the flower grew.' Practice using 'when/then' to show cause and effect with feelings.
Soft Skills: Kindness Experiment	25 min	Introduce the idea of a 'kindness experiment.' Students will be randomly kind to one classmate this week without telling them. Share observations next class. Discuss how kindness feels for both giver and receiver.
Guided Practice: Kindness Story	20	Students decorate a paper cube with one kind act on

Cube	min	each face. Roll it and act out or describe that kindness. Use 'When I ____, I feel ____.'
Cool Down: Gratitude Circle	10 min	Each student says: 'I am grateful for ____ because ____.' Go around the circle. Note how the room feels after this activity.

Session 20 · Week 7 · Testing the Theory

Story Moment: *The friends test Mira's theory: they go to the garden and try being kind to one another — sharing, helping, complimenting. They watch. Slowly... a flower opens.*

Soft Skill Focus: Critical Thinking — Testing an idea

Lesson Objectives	Learning Outcomes
- Students will understand and use simple conditional sentences: 'If ____, then ____.' - Students will practice hypothesis testing language: 'Let's try _____. What happens?' - Students will reflect on the scientific process through a story lens.	- Students form 3 original 'If ____, then ____' sentences. - Students use 'Let's try _____. What happens?' in role play. - Students explain their theory using 3 vocabulary words correctly.

Vocabulary	Language Structures
try • test • if • then • result • work • happen • change • see • wait	If ____, then _____. • Let's try _____. • What happens when ____? • It works!

Teaching Activities (120 minutes total)

Activity	Time	Description & Instructions
Warm-Up: If-Then Dominos	15 min	Students play a domino matching game. One card says 'If it rains...' and they match it to '...then I get wet.' Play in pairs, collect points for correct matches.
Story Time: The Experiment	20 min	Narrate each friend performing a kindness act in the garden. With each act, one petal opens. The friends get excited. Ask: 'What is their hypothesis? Is it working? How do they know?'
Language Focus: Cause and Effect Sentences	30 min	Build 'If... then...' sentences about garden, school, and friendship scenarios. Students sort them into 'likely' and 'unlikely.' Discuss. Then write 3 original ones.
Soft Skills: Real-Life Testing	25 min	Present a challenge: 'We have a theory that saying something nice to someone makes them smile. Test it TODAY.' Students make a plan, try it, and report back.

		Discuss results.
Guided Practice: Experiment Journal	20 min	Students write a science-style journal entry: 'My theory: ____ / My experiment: ____ / What happened: ____ / My conclusion: ____' with a garden drawing.
Cool Down: Theory vs. Result	10 min	Revisit the class Mystery Board from Week 5. Which theories were correct? Which were wrong? Discuss: 'Is it okay to be wrong? What matters most when testing an idea?'

Project Session 3 · **PROJECT 3 — Garden Mystery Journal**

Project Context: *Students compile their thinking, drawings, and writing from Chapter 2 into a Garden Mystery Journal — documenting how they solved the mystery alongside the Luminos friends.*

Project Objectives	Expected Outcomes
- Students will demonstrate comprehension of Chapter 2 narrative and vocabulary. - Students will organize their thinking into a sequential journal format. - Students will reflect on their own problem-solving process.	- Students produce a 4-page journal with story summary, vocabulary, theory, and experiment sections. - Students use at least 8 Chapter 2 vocabulary words correctly. - Students include a written reflection: 'I learned that ____ because ____'

Materials Needed

- Blank journal pages (A5, 8 per student)
- Stapler or binding thread
- Colored markers and pencils
- Printed frame templates (optional)
- Stickers

Project Steps (120 minutes total)

Step	Time	Teacher Instructions
Journal Assembly	20 min	Students fold and staple their journal. Teacher distributes prompts for each page: Page 1 (cover — title, name, illustration), Page 2 (the problem), Page 3 (the clues and theories), Page 4 (the experiment and results).
Writing and Illustrating	50 min	Students complete each page with writing and drawings. Teacher circulates, prompts with questions, and helps with spelling. Vocabulary bank is visible on the board.

Peer Reading	20 min	Students swap journals with a partner and read silently. They write one positive comment on a sticky note: 'I liked how you wrote about ____.' Attach to the back cover.
Teacher Review & Assessment	30 min	Teacher collects journals for formative assessment against the checklist. Students write one sentence on a card: 'I am proud of ____ in my journal.' Share verbally.

Assessment Criteria

- Journal has all 4 sections completed
- Uses at least 8 correct vocabulary words
- Includes a clear theory and experiment description
- Reflection shows genuine thinking
- Writing is legible and organized

Session 22 · Week 8 · The Garden Blooms Again

Story Moment: *Full of joy and kindness, the garden explodes into color overnight. Every flower blooms, the grass turns green, and music fills the air once more.*

Soft Skill Focus: Reflection — Noticing change and growth

Lesson Objectives	Learning Outcomes
• Students will use 'before' and 'now' to describe changes. • Students will practice past simple for completed actions: 'grew, bloomed, changed, worked.' • Students will reflect on what changed — in the story and in themselves.	• Students produce before/after descriptions using 3+ sentence pairs. • Students use at least 4 past simple verbs correctly. • Students articulate one way they personally changed or grew during Chapter 2.

Vocabulary	Language Structures
before • now • change • grow • bloom • work • fix • happy • beautiful • again	<i>Before, there was _____. Now there is _____. • The garden grew because _____. • We changed ____.</i>

Teaching Activities (120 minutes total)

Activity	Time	Description & Instructions
Warm-Up: Transformation Pairs	15 min	Show before/after picture cards — caterpillar to butterfly, seedling to tree, sad face to happy face. Students describe each transformation: 'Before it was _____. Now it is _____!'

Story Time: Morning in the Garden	20 min	Narrate the friends arriving to find the garden fully in bloom. Read descriptions of each color, each smell, each song. Students close their eyes and listen. Ask: 'How do you feel hearing this scene?'
Language Focus: Before and Now Chart	30 min	Students create a two-column chart. Left: 'Before (week 5).' Right: 'Now (week 8).' Fill it with garden changes and language changes: 'Before I didn't know 'bloom.' Now I do!'
Soft Skills: Growth Reflection	25 min	Students draw themselves at the start of Chapter 2 and now. They complete: 'Before, I couldn't _____. Now I can _____. I changed because _____. ' Share with a partner.
Guided Practice: Celebration Paragraph	20 min	Students write 3–4 sentences celebrating the garden's return, using past simple: 'The friends worked together. The flowers grew. The garden changed. It was beautiful again!'
Cool Down: The Garden's Thank You	10 min	Imagine the garden can speak. Students write or say its thank-you message: 'Thank you for _____. I grew because _____. Now I feel ____!'

Session 23 · Week 8 · Celebrating Together

Story Moment: *The friends sit in the now-blooming garden and take a moment to say thank you — to each other, to the garden, and to kindness itself.*

Soft Skill Focus: Gratitude — Expressing thanks meaningfully

Lesson Objectives	Learning Outcomes
- Students will use 'Thank you because ____' and 'I appreciate ____' expressions. - Students will understand the difference between polite and heartfelt gratitude. - Students will practice speaking to an audience with confidence.	- Students form complete gratitude sentences using 'because.' - Students explain why specific acts of kindness mattered. - Students deliver a thank-you message to a classmate confidently.

Vocabulary	Language Structures
thank you • grateful • appreciate • help • kind • because • special • important • care • together	<i>Thank you for ____ because ____.</i> • <i>I appreciate ____.</i> • <i>You helped me when ____.</i>

Teaching Activities (120 minutes total)

Activity	Time	Description & Instructions
Warm-Up: Gratitude Hot Potato	15 min	Students pass a soft ball. When the music stops, that student says: 'I am grateful for ____.' Keep it going for 3 rounds. Reinforce 'because' on round 2.
Story Time: The Garden Circle	20 min	Narrate the friends sitting in a circle, each saying what they're grateful for in the garden adventure. Leo thanks Zara for noticing the clue. Zara thanks Mira for the theory. Ask: 'Why is saying thank you important?'
Language Focus: Thank-You Sentence Builder	30 min	Students use a frame: 'Thank you ____ for ____ because ____.' Build 3 sentences for classmates, the teacher, or story characters. Read aloud. Discuss how specificity makes gratitude more meaningful.
Soft Skills: The Difference Between Thanks and Heartfelt Thanks	25 min	Show two scenarios: 'Thanks.' vs. 'Thank you for helping me find my book yesterday — it really meant a lot.' Ask: 'Which feels better to hear? Why? What makes gratitude genuine?'
Guided Practice: Gratitude Letter	20 min	Students write a short 3-sentence thank-you letter to a story character OR a real person in their life. Decorate with flowers (garden theme). Optional: deliver the real ones.
Cool Down: Group Thanks	10 min	As a class, go around the circle with one word of thanks. 'I am grateful for: friends... kindness... learning... trying... flowers!' Build the biggest list possible in 2 minutes.

Project Session 4 · PROJECT 4 — Chapter 2 Portfolio Share

Project Context: *Students share their Chapter 2 work — journals, plans, drawings, and reflections — in a classroom gallery walk, celebrating their learning journey.*

Project Objectives	Expected Outcomes
- Students will present their journal and project work verbally. - Students will evaluate their own learning progress. - Students will engage constructively with peers' work.	- Students deliver a 3-sentence description of their best work from Chapter 2. - Students complete a self-evaluation rubric with evidence. - Students write one constructive comment for a peer's portfolio.

Materials Needed

- Chapter 2 journals from Project 3
- Self-evaluation rubric sheets
- Sticky notes for peer comments
- Display tables or boards
- Star and heart stickers for positive feedback

Project Steps (120 minutes total)

Step	Time	Teacher Instructions
Gallery Setup	15 min	Students arrange their work on their desk or a display table. Three required pieces: their Journal, their Gratitude Letter, and their favorite drawing. They prepare 3 sentences to describe their work.
Gallery Walk	50 min	Students walk around and view each other's work. They leave one sticky note comment on each table using: 'I liked your ___ because ___.' or 'I think your ___ is ___.' Teacher observes and circulates.
Verbal Sharing	30 min	Each student has 60 seconds to share one piece of their work with the full class: 'My best work is ___ because ___. I learned ___.' Teacher models first.
Self-Evaluation	25 min	Students complete a self-evaluation rubric (can do/almost/not yet) covering vocabulary, structures, and soft skills from Chapter 2. Discuss: 'What do you want to improve in Chapter 3?'

Assessment Criteria

- Presents work clearly and confidently
- Self-evaluation shows honest reflection
- Peer comments are kind and specific
- Uses Chapter 2 vocabulary in verbal sharing
- Work shows progression from Chapter 1

Chapter 3: The Storm and the Bridge

Weeks 9 – 12 | Soft Skills: Teamwork, Conflict Resolution, Resilience, Leadership

Chapter Overview

A powerful storm sweeps through Luminos, destroying the bridge that connects the magical land to the rest of the world. The friends must work together to rebuild it, but they face a new challenge: they each have different ideas, and disagreements threaten to break not just the bridge, but the friendship. Through conflict, compromise, and collective effort, they learn that the most important ingredient in any team is the willingness to listen.

Session 25 · Week 9 · The Dark Clouds Come

Story Moment: *The sky over Luminos turns dark and grey. Thunder rumbles. A fierce storm is coming, and the friends must get ready.*

Soft Skill Focus: Resilience — Facing challenges with courage

Lesson Objectives	Learning Outcomes
- Students will learn weather vocabulary and related adjectives. - Students will use 'It is ____' and 'It is not ____' for weather descriptions. - Students will discuss how to respond calmly to unexpected events.	- Students can name and describe 8+ weather conditions. - Students form weather sentences using 'It is / It is not ____.' - Students describe 2 ways to stay calm in a scary situation.

Vocabulary	Language Structures
storm • thunder • lightning • cloud • wind • rain • dark • cold • wet • shelter	It is _____. • It is not _____. • I am scared because _____. • We should _____.

Teaching Activities (120 minutes total)

Activity	Time	Description & Instructions
Warm-Up: Weather Sounds	15 min	Play weather sound clips (thunder, wind, rain). Students guess: 'It is a storm! It is windy! It is raining!' Use emotion flashcards: 'How do you feel during a storm?'
Story Time: The Sky Turns Dark	20 min	Narrate the approaching storm — dark clouds rolling in, animals running for cover, the bridge creaking. Build tension. Ask: 'How do you think the friends feel?'

		What should they do?'
Language Focus: Weather Report	30 min	Students become weather reporters. Each gets a weather scene card and presents: 'Hello, I am reporting from Luminos. It is very cold and windy. It is not sunny. Today we have...' Video record (optional).
Soft Skills: Calm in the Storm	25 min	Discuss: 'When something scary happens, what helps you feel calm? (breathing, talking to someone, having a plan)' Students share strategies and illustrate one on a 'Calm Card' to keep.
Guided Practice: Storm Preparation Plan	20 min	Groups create a storm preparation plan for Luminos: 'First we will ____, then we will ____, and finally we will ____.' Present to the class.
Cool Down: The Eye of the Storm	10 min	Breathing exercise — students breathe in for 4 counts, hold for 4, out for 4. Discuss: 'Sometimes we need to find our calm center. This is our 'eye of the storm.'

Session 26 · Week 9 · The Bridge Falls

Story Moment: *The storm passes — but the bridge is destroyed. Luminos is now cut off from the outside world. Everyone is shocked, and the friends stare at the rubble.*

Soft Skill Focus: Problem-Solving — Facing a big, overwhelming problem

Lesson Objectives	Learning Outcomes
- Students will describe problems using 'There is a problem because ____.' - Students will express feelings about difficult situations. - Students will break a big problem into smaller, manageable pieces.	- Students produce 2-sentence problem descriptions. - Students express at least 3 feelings related to a crisis scenario. - Students list 3 smaller tasks from one big problem.

Vocabulary	Language Structures
broken • fallen • problem • help • fix • serious • together • worry • heavy • rubble	<i>There is a problem because ____.</i> • <i>We need to ____.</i> • <i>First, let's ____.</i>

Teaching Activities (120 minutes total)

Activity	Time	Description & Instructions
Warm-Up: Big Problem, Small Steps	15 min	Teacher writes a big problem ('The school has no chairs!'). Students brainstorm: 'What are the SMALL things we need to do first?' Practice breaking

		problems down.
Story Time: The Broken Bridge	20 min	Narrate the morning after the storm. Describe the destruction. The friends stand in silence. Ask: 'How does everyone feel? What would YOU do first if YOU were there?'
Language Focus: Problem Description Cards	30 min	Students receive a set of picture-based problem scenarios. For each, they write: 'There is a problem. The ____ is _____. We need to ____.' Share with a partner.
Soft Skills: When Problems Feel Big	25 min	Discuss: 'Have you ever had a problem that felt impossible? What helped? Did talking about it make it smaller?' Introduce the idea that sharing a problem is a first step toward solving it.
Guided Practice: Problem to Plan	20 min	Students draw the broken bridge, then write 3 steps to fix it on sticky notes. Arrange the steps in order on the drawing.
Cool Down: One Step at a Time	10 min	Teacher says: 'Any big problem can be solved one small step at a time.' Each student says one small step they could take for a problem they have today.

Session 27 · Week 9 · **Everyone Has an Idea**

Story Moment: *Each friend has a completely different idea for how to fix the bridge. Leo wants to use wood. Zara wants to use rope. Tom wants to bounce across. Nobody agrees.*

Soft Skill Focus: Communication — Expressing and sharing opinions

Lesson Objectives	Learning Outcomes
- Students will use opinion language: 'I think _____. I believe _____.' - Students will listen to different opinions without interrupting. - Students will identify common ground in different ideas.	- Students form 2 opinion sentences using 'I think' and 'I believe.' - Students wait for a peer to finish before responding. - Students find at least one thing two different opinions share.

Vocabulary	Language Structures
think • believe • idea • opinion • agree • different • same • better • maybe • okay	<i>I think we should _____. • I believe _____ is better because _____. • That's an interesting idea.</i>

Teaching Activities (120 minutes total)

Activity	Time	Description & Instructions
Warm-Up: Opinion Thermometer	15 min	Teacher makes statements ('Chocolate is the best food!'). Students move to 'Strongly Agree,' 'Agree,' or 'Disagree' corners. Introduce 'I think...' as a sentence starter.
Story Time: The Idea Clash	20 min	Narrate the four friends all talking at once, none listening. The bridge stays broken. Ask: 'What went wrong? Is having many ideas a problem or an opportunity?'
Language Focus: Opinion Cards	30 min	Give groups 3 bridge-fixing scenarios. Each student chooses their favorite and defends it: 'I think ____ is the best idea because ____.' Rotate so everyone shares an opinion.
Soft Skills: Listening Listening Listening	25 min	Practice the Talking Stick rule: only the person holding the stick can speak. Others must listen without preparing their answer. Afterward: 'What did you hear? What surprised you?'
Guided Practice: Opinion Map	20 min	Students create an opinion map with their idea in the center and 3 reasons around it. Present using: 'I think ____ because (1) ____, (2) ____, and (3) ____.' What do you think?'
Cool Down: Ideas Are Treasure	10 min	Reframe the problem: 'Everyone had a different idea. That's not a problem — that's a treasure! Together, those ideas become something even better.' Discuss.

Session 28 · Week 10 · Leo Disagrees

Story Moment: *Leo gets frustrated and says he thinks Zara's idea is wrong. Zara is hurt. The friendship cracks — just a little. This is a difficult moment for the group.*

Soft Skill Focus: Conflict Resolution — Disagreeing kindly

Lesson Objectives	Learning Outcomes
- Students will use polite disagreement phrases: 'I understand, but I think ____.' - Students will identify the impact of unkind disagreement. - Students will practice restorative language: 'I'm sorry. I didn't mean to ____.'	- Students use 'I understand, but...' in at least 2 spoken exchanges. - Students explain why unkind disagreement hurts relationships. - Students roleplay an apology and make-up conversation.

Vocabulary	Language Structures
disagree • sorry • hurt • understand • wrong • kind • apologize • mean • feel • fix	<i>I understand, but I think ____.</i> • <i>I'm sorry. I didn't mean to ____.</i> • <i>That's okay. Let's try again.</i>

Teaching Activities (120 minutes total)

Activity	Time	Description & Instructions
Warm-Up: Kind vs. Unkind Disagreement	15 min	Show 4 disagreement scenarios (some kind, some unkind). Students give thumbs up/down and explain: 'This is unkind because _____. A better way is _____. Build a list of kind disagreement phrases.
Story Time: Leo's Mistake	20 min	Narrate Leo snapping at Zara. Describe Zara's face. The group goes quiet. Ask: 'Has this ever happened to YOU? How did you feel? What did Leo need to do?'
Language Focus: Apology Scripts	30 min	Students practice 3-step apology scripts in pairs: Step 1: 'I'm sorry I _____. Step 2: 'I know it made you feel _____. Step 3: 'I will try to _____. Role play 3 scenarios. Swap partners.
Soft Skills: Words Have Weight	25 min	Use the crumpled paper activity: students scrunch a paper each time they hear an unkind word, then try to smooth it out. Discuss: 'The paper is still crumpled. Words leave marks. But apologies are still important.'
Guided Practice: Leo's Letter to Zara	20 min	Students write a 3-sentence apology letter from Leo to Zara: 'Dear Zara, I'm sorry I _____. I know you felt _____. I want to _____. Your friend, Leo.'
Cool Down: The Repair Rule	10 min	Class agrees on a classroom 'repair rule': 'If I hurt someone, I will say sorry. If someone hurts me, I will tell them kindly. We fix things together.' Write and display it.

Session 29 · Week 10 · Working Together

Story Moment: *After the apology, the friends agree to combine all their ideas. Leo's wood, Zara's rope, Tom's energy, Luna's care, and Mira's planning — it all fits together.*

Soft Skill Focus: Teamwork — Combining strengths

Lesson Objectives	Learning Outcomes
- Students will learn instruction and direction vocabulary. - Students will give and follow instructions in	- Students give at least 3 clear instructions using imperative verbs. - Students follow a 3-step set of instructions

simple English. • Students will recognize the unique contribution of each team member.	without repetition. • Students name one strength that each team member brings.
---	---

Vocabulary	Language Structures
carry • hold • pull • push • put • lift • move • together • strong • careful	<i>Please ____.</i> • <i>Can you ____ please?</i> • <i>Good job! You did it!</i> • <i>Let's do it together.</i>

Teaching Activities (120 minutes total)

Activity	Time	Description & Instructions
Warm-Up: Instruction Relay	15 min	Teams play a relay: Teacher gives a 3-step instruction to Team A. They whisper it down the line. Last person acts it out. Switch teams. Builds listening and direction-following.
Story Time: Building Begins	20 min	Narrate the friends working in harmony — Leo carries, Zara ties, Tom digs, Luna encourages, Mira measures. Show each friend doing their part. Ask: 'What would happen if one friend stopped? Why does everyone matter?'
Language Focus: Imperative Commands	30 min	Students practice giving instructions: 'Carry the chair. Hold the door. Push the table together.' Use real classroom objects to practice. Then teach polite forms: 'Please ____, Can you ____?'
Soft Skills: Strengths Mapping	25 min	Each student writes 3 of their own strengths. In groups, they map their combined strengths: 'Together we can ____, ____, and ____.' Discuss: 'How does knowing your strengths help the team?'
Guided Practice: Bridge Building (Paper Version)	20 min	Groups use paper and tape to build a small paper bridge that can hold a book. They must use at least 3 instruction phrases during building. Debrief: 'What worked? What didn't?'
Cool Down: Team Cheer	10 min	Each group creates a 2-line team cheer about their strengths. Present to the class. End with a shared clap rhythm.

Session 30 · Week 10 · **The Missing Piece**

Story Moment: *The bridge is almost done, but something is missing. No one can figure out what. Then Mira closes her eyes and says: 'I know. It needs something from ALL of us.'*

Soft Skill Focus: Creativity — Finding unexpected solutions

Lesson Objectives	Learning Outcomes
- Students will learn materials and tools vocabulary. - Students will use 'We need a ____' and 'This is made of ____.' - Students will practice creative problem-solving through open-ended tasks.	- Students name 8+ materials and tools. - Students describe an object using 'It is made of ____ and ____.' - Students generate a creative, original solution to a design problem.

Vocabulary	Language Structures
wood • rope • stone • metal • soft • hard • tool • build • made of • together	<i>We need a ____.</i> • <i>This is made of ____.</i> • <i>What if we ____?</i> • <i>I have an idea!</i>

Teaching Activities (120 minutes total)

Activity	Time	Description & Instructions
Warm-Up: What Is It Made Of?	15 min	Show objects and ask: 'What is it made of?' Students respond: 'It is made of wood/metal/plastic/cloth.' Build a class materials reference list.
Story Time: The Missing Piece	20 min	Narrate the friends staring at the almost-complete bridge. Something is wrong — it wobbles. Ask: 'What do you think is missing? What would YOU add?' Let students guess freely.
Language Focus: Materials Quiz	30 min	Students play a guessing game in pairs. One person describes an object using 'It is made of ____, it is ____.' The other guesses. Use both classroom objects and Luminos story objects.
Soft Skills: Creative Solutions Gallery	25 min	Groups get the same problem: 'The bridge needs one more thing to make it perfect.' Each group must think of a creative, unexpected solution. They illustrate and explain: 'What if we ____? It would work because ____!'
Guided Practice: Dream Bridge Design	20 min	Students design their dream bridge for Luminos. Label the materials: 'This part is made of ____.' It needs ____ because ____.' Write one creative feature: 'My bridge also has ____!'

Cool Down: Creative Confidence	10 min	Discuss: 'Were you surprised by your own creative idea? Where do creative ideas come from? How can you get more of them?' Affirm: creativity is a skill that grows with practice.
---------------------------------------	--------	---

Session 31 · Week 11 · **Almost There!**

Story Moment: *The bridge is nearly finished, but everyone is tired and a little frustrated. The friends need to encourage each other to keep going.*

Soft Skill Focus: Resilience — Persevering when it's hard

Lesson Objectives	Learning Outcomes
- Students will use adverbs of degree: very, quite, a little, too. - Students will use encouragement phrases: 'You can do it! Don't give up!' - Students will connect perseverance to real-life examples.	- Students correctly modify adjectives using adverbs of degree. - Students use at least 3 different encouragement phrases. - Students share a personal example of not giving up.

Vocabulary	Language Structures
very • quite • a little • too • tired • difficult • almost • keep going • try • strong	<i>I am ___ tired. • It is ___ hard. • You can do it! • Don't give up! • Almost there!</i>

Teaching Activities (120 minutes total)

Activity	Time	Description & Instructions
Warm-Up: Degree Dial	15 min	Draw a dial on the board from 0 (a little) to 10 (extremely). Teacher says situations. Students show the dial level: 'How tired are you after PE? How happy are you on Friday?' Use adverbs.
Story Time: The Long Day	20 min	Narrate the friends, tired and sweaty, slowing down. Luna notices and starts encouraging. Ask: 'What words does Luna use? Do they help? Have you ever been encouraged by someone? How did it feel?'
Language Focus: Encouragement Phrases Roleplay	30 min	Partners practice encouragement scenarios. Person A pretends to struggle (writing, building, running). Person B encourages with at least 3 different phrases. Switch. Debrief: 'Which phrase was most powerful?'
Soft Skills: Perseverance Stories	25 min	Students share a time they wanted to give up but kept going. Sentence frame: 'I was trying to _____. It was very hard. But I _____. I felt _____ when I finished.'

		Celebrate each story.
Guided Practice: Almost There Poster	20 min	Students create an 'Almost There!' poster for the classroom — a motivational image with at least 3 encouragement phrases. Display prominently for the rest of the term.
Cool Down: Encouragement Circle	10 min	Each student says one encouraging word to the class. Build up a wall of encouragement: Brave. Strong. Creative. Brilliant. Determined. Keep the list visible.

Session 32 · Week 11 · **Mira's Big Moment**

Story Moment: *Mira, who was nervous and quiet in Week 1, is now the one who says: 'We CAN do this. Together.'* And everyone believes her.

Soft Skill Focus: Leadership & Confidence — Finding your voice

Lesson Objectives	Learning Outcomes
- Students will use confidence-building language: 'I can. We will. Let's ____.' - Students will recognize that leadership is about encouraging others. - Students will practice public speaking with a short, confident statement.	- Students deliver a 3-sentence confident statement to the class. - Students define leadership in their own words using a sentence. - Students identify one way Mira grew since Week 1.

Vocabulary	Language Structures
leader • confident • believe • together • voice • brave • speak • strong • change • grow	<i>I believe we can ____.</i> • <i>Let's ____ together.</i> • <i>You are ____.</i> • <i>I know we will ____.</i>

Teaching Activities (120 minutes total)

Activity	Time	Description & Instructions
Warm-Up: Power Stance Practice	15 min	Discuss body language: slouch vs. stand tall. Practice power stances while saying: 'I can do this!' Discuss how posture affects confidence.
Story Time: Mira Speaks Up	20 min	Narrate Mira standing up, looking at her friends, and speaking clearly and calmly. Read her speech. Ask: 'How was Mira in Week 1? How is she now? What changed?' Discuss the journey.
Language Focus: Leadership Phrases	30 min	Introduce a set of leadership phrases. Students categorize them: 'encouraging, directing, sharing, deciding.' Then use them in mini-role plays: 'I think we

		should _____. I believe you can _____. Let's go!"
Soft Skills: My Leadership Speech	25 min	Each student writes a 3-sentence mini speech: 'I believe _____. I know we can _____. Let's _____. ' Topic can be anything (class, home, Luminos). Practice with a partner first, then deliver to the class.
Guided Practice: Leader I Admire	20 min	Students draw or write about a leader they admire (real or fictional). 'This person is a leader because they _____. They make people feel _____. I want to be like them because _____. ' Share.
Cool Down: Mira and Me	10 min	Students write: 'I was like Mira when I _____. I became more confident when _____. ' Share one example with the class. Affirm: leadership is inside all of us.

Project Session 5 · **PROJECT 5 — Bridge Building Challenge**

Project Context: *Students take on the role of the Luminos friends and physically build a bridge — using teamwork, communication, and all their Chapter 3 language skills.*

Project Objectives	Expected Outcomes
- Students will apply instruction, encouragement, and collaboration language in a physical task. - Students will demonstrate teamwork by dividing and completing roles. - Students will use problem-solving strategies when their plan doesn't work.	- Groups produce a standing paper/craft bridge using at least 3 instruction phrases. - Each student takes on a team role and can explain it. - Students debrief using reflection language: 'What worked, what didn't, what we changed.'

Materials Needed

- A4 paper (20 sheets per group)
- Masking tape
- Scissors
- Craft sticks
- Role cards (Leader, Builder, Encourager, Reporter)
- Bridge Challenge Record Sheet

Project Steps (120 minutes total)

Step	Time	Teacher Instructions
Briefing & Role Allocation	15 min	Explain the challenge: build a bridge that can hold a book using only provided materials. Assign team roles. Each student reads their role card and practices their phrases. Teacher demonstrates one technique only.
Build Time	50 min	Groups design and build. Teacher observes and notes language use — instruction phrases, encouragement, disagreement management. Do NOT solve problems for them. Intervene only for safety.
Testing & Adjusting	20 min	Each group tests their bridge. If it fails, they get 10 minutes to improve. Teacher prompts: 'What is the problem? What can you change? Use your plan.' Record attempts on the Bridge Challenge Sheet.
Debrief & Presentation	35 min	Groups present their bridge to the class using: 'Our bridge is made of _____. We worked together by _____. Our problem was _____, so we _____. Our best moment was _____.' Class applauds each group.

Assessment Criteria

- Used instruction phrases during building (3+)
- Each student contributed clearly
- Managed disagreement with kind language
- Adapted when plan didn't work
- Presented debrief clearly in English

Session 34 · Week 12 · The Bridge Stands

Story Moment: *The bridge is complete. The friends stand back and look at what they built together. It's not perfect, but it's theirs — and it works.*

Soft Skill Focus: Reflection — Celebrating effort, not just results

Lesson Objectives	Learning Outcomes
• Students will use past simple tense for completed actions. • Students will distinguish between effort and outcome. • Students will reflect on growth by comparing past and present abilities.	• Students use at least 5 past simple verbs correctly. • Students articulate: 'We finished because we _____.' • Students identify one specific thing they did better than at the start of Chapter 3.

Vocabulary	Language Structures
worked • built • fixed • finished • tried • helped • listened • changed • grew • proud	<i>We ____ (past simple). • We finished because ____.</i> • <i>I am proud of ____.</i>

Teaching Activities (120 minutes total)

Activity	Time	Description & Instructions
Warm-Up: Past Tense Memory Chain	15 min	Class sits in a circle. 'I worked on the bridge. I worked and I helped. I worked, I helped, and I lifted...' Each student adds a new past simple verb. See how long the chain can grow.
Story Time: The Bridge Stands	20 min	Narrate the completed bridge scene. The sunset, the smiling friends, the first person to walk across it. Read the final line of the chapter. Ask: 'What are the friends most proud of? The bridge or the journey?'
Language Focus: Past Simple Sentences	30 min	Students receive jumbled past-tense sentence strips about the bridge story. They put them in order and read them aloud as a group narrative. Then write 3 original past simple sentences.
Soft Skills: Effort vs. Result	25 min	Discuss: 'Is it more important to succeed or to try hard? What if you tried your best and still failed? Is that okay?' Use real examples. Connect to Luminos and to students' own lives.
Guided Practice: Chapter 3 Timeline	20 min	Students create a visual timeline of Chapter 3 events using past simple: 'First, the storm came. Then the bridge fell. Next, the friends disagreed...' Illustrate and label.
Cool Down: Proud Proclamation	10 min	Students stand and say: 'I am proud of ____ in Chapter 3 because ____.' Every student shares. Teacher affirms each one.

Session 35 · Week 12 · What Did We Learn?

Story Moment: *The friends sit on the newly built bridge and have the most important conversation of the chapter — what they learned, not just about bridges, but about each other.*

Soft Skill Focus: Reflection — Learning from experience

Lesson Objectives	Learning Outcomes
Students will use reflection language: 'I learned that ____, It was hard because ____.'	Students produce a 3-sentence reflection statement.

- | | |
|---|---|
| <ul style="list-style-type: none"> Students will connect story lessons to real-life situations. Students will give constructive feedback to a peer. | <ul style="list-style-type: none"> Students make one connection between the story and their own life. Students give one kind, constructive piece of feedback. |

Vocabulary	Language Structures
learned • discovered • realized • hard • easier • because • next time • better • grow • lesson	<i>I learned that ____.</i> • <i>It was hard because ____.</i> • <i>Next time I will ____.</i> • <i>I realized ____.</i>

Teaching Activities (120 minutes total)

Activity	Time	Description & Instructions
Warm-Up: Learning Trophy	15 min	Students draw a small trophy and label it with 'I learned ____' from any recent lesson (English or life). Share. Discuss: 'Learning something is always worth celebrating.'
Story Time: The Bridge Conversation	20 min	Narrate each friend sharing what they learned. Leo: 'I learned to listen.' Zara: 'I learned that my idea was better with others added to it.' Mira: 'I learned I have a voice.' Ask: 'What would YOU say?'
Language Focus: Reflection Sentence Frames	30 min	Students use a reflection frame: 'I learned that ____ . It was hard because ____ . Next time I will ____ . I realized ____ .' Complete individually, then share with a partner.
Soft Skills: Story to Life Connections	25 min	Students make text-to-life connections: 'In the story, ____ happened. This is like when I ____.' Share examples. Reinforce: stories teach us real things about real life.
Guided Practice: Letter to Future Me	20 min	Students write a letter to 'Future Me' after Chapter 3: 'Dear Future Me, I learned ____ . I want to remember ____ . I will try to ____ . Love, [name].'
Cool Down: The Lesson Wall	10 min	Each student writes their most important lesson on a brick-shaped paper. Stack them up on the board to make a 'Wall of Wisdom.' Read them aloud as a class.

Project Session 6 · PROJECT 6 — Chapter 3 Story Retell

Project Context: Students retell the story of Chapter 3 from start to finish — using their voices, their creativity, and everything they've learned to bring it to life for an audience.

Project Objectives	Expected Outcomes
- Students will organize a narrative chronologically using sequencing language. - Students will speak clearly and confidently to a group. - Students will demonstrate comprehension of Chapter 3 soft skill themes.	- Students deliver a retell with at least 6 events in correct order. - Students use at least 5 past simple verbs correctly. - Students include a personal reflection statement in their retell.

Materials Needed

- Story sequencing cards (teacher-prepared)
- Drawing paper for storyboards
- Puppets or props (optional)
- Recording device (optional)
- Retell assessment rubric

Project Steps (120 minutes total)

Step	Time	Teacher Instructions
Storyboard Planning	20 min	Students receive blank storyboard templates (6 boxes). They draw and label the 6 key events of Chapter 3 in order. Teacher supports and prompts: 'What happened first? What was the problem? How did they fix it?'
Script Writing	35 min	Students write 1–2 sentences for each storyboard box. Focus on past simple and sequencing language. Encourage personality — add their own voice: 'This was my favorite part because ____!'
Rehearsal	20 min	Students practice their retell aloud with a partner. Partner gives feedback using: 'I understood _____. You could make _____ clearer.' Switch.
Retell Performances	45 min	Each student stands and tells their version of Chapter 3. Some may use their storyboard as a visual aid. Class gives warm applause. Teacher assesses against rubric. Students receive brief feedback.

Assessment Criteria

- 6 key events present and in correct order
- Uses sequencing language (first, then, finally)
- Uses past simple verbs correctly
- Speaks at an audible pace and volume
- Includes a personal reflection or favorite moment

Chapter 4: The Festival of Light

Weeks 13 – 16 | Soft Skills: Creativity, Self-Confidence, Gratitude, Reflection & Growth

Chapter Overview

The grand Festival of Light is coming to Luminos — a once-a-year celebration where every citizen contributes something special to the community. Each friend must find their unique gift to offer. Along the way, they discover who they've become over these 16 weeks — more confident, more empathetic, more connected. The chapter closes with a final celebration and a heartfelt goodbye that is really a beginning.

Session 37 · Week 13 · Getting Ready

Story Moment: News spreads across Luminos: the Festival of Light is in three weeks! The whole town is buzzing. The friends must decide what each of them will contribute.

Soft Skill Focus: Self-Confidence — Knowing your worth

Lesson Objectives	Learning Outcomes
- Students will use future tense: 'I will ____ / I am going to ____.' - Students will describe personal plans and intentions. - Students will build vocabulary around celebrations and events.	- Students produce 3 future tense sentences accurately. - Students describe their festival contribution plan in 2–3 sentences. - Students demonstrate enthusiasm and confidence when sharing plans.

Vocabulary	Language Structures
festival • prepare • ready • plan • celebrate • perform • present • show • gift • community	<i>I will ____.</i> • <i>I am going to ____.</i> • <i>I plan to ____.</i> • <i>I am ready to ____.</i>

Teaching Activities (120 minutes total)

Activity	Time	Description & Instructions
Warm-Up: Festival Countdown	15 min	Introduce the concept: 3 weeks until the Festival! Create a class countdown calendar. Ask: 'What do you know about festivals? What do people DO at festivals?'
Story Time: The Announcement	20 min	Narrate the festival announcement in the town square — banners, excitement, the mayor's speech. Each character reacts differently. Ask: 'What do YOU think

		each friend will contribute? What would YOU contribute?'
Language Focus: Future Tense Practice	30 min	Students complete sentence frames: 'For the festival, I will _____. I am going to _____. I plan to _____. Share with the class. Teacher corrects and praises.
Soft Skills: Self-Worth Check-In	25 min	Discuss: 'Everyone has something valuable to offer. What is YOUR special contribution to a group? What are you good at? What do people come to YOU for?' Students make a 'What I Offer' card.
Guided Practice: Festival Contribution Card	20 min	Students write their festival contribution plan: 'I am going to contribute _____. I will do this because _____. I think the community will enjoy _____.'
Cool Down: Festival Dream Board	10 min	Students draw one image from their 'festival dream' — what their contribution looks like in the best possible version. Share and celebrate the diversity of ideas.

Session 38 · Week 13 · Everyone's Special Gift

Story Moment: *Leo announces he will make a mural of all the animals in Luminos. Zara will write a book of stories. Tom will organize the games. Luna will prepare a garden display.*

Soft Skill Focus: Appreciation — Valuing different talents

Lesson Objectives	Learning Outcomes
- Students will expand vocabulary around hobbies, talents, and skills. - Students will describe others' strengths using positive language. - Students will express appreciation for different types of contributions.	- Students name 8+ talents/hobbies in English. - Students say: '[Name] is good at _____ because _____.' - Students write a 2-sentence appreciation statement for a classmate's gift.

Vocabulary	Language Structures
draw • write • sing • dance • cook • build • organize • create • imagine • talent	<i>[Name] is good at _____. • I appreciate _____ because _____. • Every talent is special.</i>

Teaching Activities (120 minutes total)

Activity	Time	Description & Instructions
Warm-Up: Talent Auction	15 min	Each student writes one talent on a card. Teacher reads them aloud without names. Class guesses who it belongs to. Discuss: 'How many different talents do

		we have in this class?'
Story Time: The Friends' Gifts	20 min	Narrate each friend revealing their contribution. Show the variety — visual art, writing, games, nature. Ask: 'Is one type of gift better than another? Why or why not?'
Language Focus: Strength Sentences	30 min	Students write 3 sentences about classmates' gifts: '[Name] is good at _____. I appreciate this because _____. The community needs this because _____. ' Share and post on a class Talent Tree.
Soft Skills: The Value of All Gifts	25 min	Discuss: 'What if only singers performed at the festival? Or only artists? Would that be a good festival? Why do we need DIFFERENT kinds of contributions?' Explore diversity as strength.
Guided Practice: Talent Tree Contribution	20 min	Students add their leaf to the class Talent Tree — their name, their gift, and why it matters. Build the tree over the session.
Cool Down: Gift of the Day	10 min	Teacher names one student each day and says: 'Today we celebrate [name]'s gift of _____. We need it because _____. ' Students affirm with applause.

Session 39 · Week 13 · **Making a Plan**

Story Moment: *Mira offers to be the festival planner. She helps everyone organize their contributions into a schedule. It's big, and she needs everyone's input.*

Soft Skill Focus: Organization & Leadership — Planning together

Lesson Objectives	Learning Outcomes
- Students will sequence events using a schedule format. - Students will use time expressions (at ____ o'clock, in the morning/afternoon/evening). - Students will practice collaborative decision-making.	- Students produce a simple festival timetable with 5 events. - Students use time expressions correctly in spoken sentences. - Students demonstrate collaborative decision-making in groups.

Vocabulary	Language Structures
o'clock • morning • afternoon • evening • schedule • time • before • after • next • plan	<i>At ____ o'clock, we will ____.</i> • <i>In the morning, ____.</i> <i>Before ____ , we will ____.</i> • <i>After ____ , we will ____.</i>

Teaching Activities (120 minutes total)

Activity	Time	Description & Instructions
Warm-Up: Clock Fast Facts	15 min	Quick revision of telling the time — o'clock, half past. Teacher flashes times on the board. Students call them out. Extend to: 'At 3 o'clock, I ____.' (personal routine).
Story Time: Mira's Planning Table	20 min	Show Mira's big planning sheet — empty boxes for each time slot. She asks: 'What should we do first? Who is ready in the morning?' The friends discuss. Ask: 'What are the challenges of planning a big event?'
Language Focus: Festival Timetable	30 min	Groups create a festival timetable for the day. Each group has event cards to place at times. They must negotiate: 'Should the games be before or after the food? Why?' Present their timetable.
Soft Skills: Negotiation Practice	25 min	Groups have two conflicting events (games and music performance — both want the same time slot). They must negotiate: 'I think ____ should be first because _____. But what if we ____?' Find a compromise.
Guided Practice: My Festival Day Plan	20 min	Students create their own festival day plan: 'In the morning, I will _____. At ____ o'clock, I will _____. In the afternoon, ____ is going to happen.' Share with a partner.
Cool Down: Best Moment Prediction	10 min	Students predict: 'The best moment of the festival will be at ____ o'clock. It will be ____ because ____.' Write on colored cards. Revisit on Festival Day (Session 44).

Session 40 · Week 14 · **Zara's Special Book**

Story Moment: *Zara has spent weeks writing. Her book is almost finished — a collection of stories about the friends' adventures, told from each person's point of view.*

Soft Skill Focus: Creativity — Expressing yourself through writing

Lesson Objectives	Learning Outcomes
- Students will learn the basic components of a written text: title, author, description. - Students will write a short paragraph (3–4 sentences) with a beginning, middle, and end. - Students will appreciate and respect peer creative work.	- Students produce a 3–4 sentence story paragraph with a clear title. - Students identify title, author, and description in a written text. - Students give one positive and one constructive comment on a peer's writing.

Vocabulary	Language Structures
story • title • author • character • begin • middle • end • describe • imagine • write	<i>The story is about _____. • First _____. Then _____. Finally _____. • My story is called _____.</i>

Teaching Activities (120 minutes total)

Activity	Time	Description & Instructions
Warm-Up: Book Cover Analysis	15 min	Show 3 book covers. Students identify: title, author, and what the story might be about. Ask: 'Why are titles important? What makes a good title?'
Story Time: Zara's Book	20 min	Read an excerpt from Zara's book (teacher-written for the session) — one page about Mira's arrival from Zara's point of view. Ask: 'What did Zara notice? Is this the same as what Mira felt?'
Language Focus: Story Paragraph Frame	30 min	Students use a frame to write their first paragraph: 'My story is about _____. First _____. Then _____. Finally _____. Teacher provides choice of topics (from the Luminos story or their own life).
Soft Skills: Multiple Perspectives	25 min	Present one event from the bridge-building chapter from TWO different characters' views. Discuss: 'How is it different? Who is right? Can both be true at the same time?' Connect to empathy.
Guided Practice: My Story Page	20 min	Students write their own page for 'The Luminos Book' — a chapter from their point of view. Illustrate with a scene drawing. These will go into the class anthology.
Cool Down: Author's Chair	10 min	Volunteers sit in the 'Author's Chair' and share their story page. Class listens and gives a 'golden sentence' — the one line they loved most.

Session 41 • Week 14 • Tom Learns to Listen

Story Moment: *Tom — still impulsive and enthusiastic — interrupts a rehearsal and ruins Zara's concentration. But this time, he catches himself and apologizes immediately.*

Soft Skill Focus: Respect — Active listening and self-regulation

Lesson Objectives	Learning Outcomes
- Students will practice active listening skills in communicative tasks. - Students will use turn-taking language: 'May I speak? Thank you for listening.'	- Students wait for a natural pause before responding in role plays. - Students use 3 turn-taking phrases correctly.

- Students will reflect on their own listening habits.

- Students reflect on one listening habit they want to improve.

Vocabulary	Language Structures
listen • wait • turn • speak • interrupt • respect • quiet • focus • hear • understand	<i>May I speak?</i> • <i>Thank you for listening.</i> • <i>I am listening.</i> • <i>Please continue.</i>

Teaching Activities (120 minutes total)

Activity	Time	Description & Instructions
Warm-Up: Interruption Game (Then Don't!)	15 min	Students take turns telling a 30-second story. The rule: NO interrupting. When someone breaks the rule, they notice and say: 'Sorry, please continue.' Debrief: 'Was it hard? Why?'
Story Time: Tom's Interruption	20 min	Narrate Tom bursting into Zara's practice. Zara loses her train of thought. Tom immediately says: 'I'm sorry. I should have waited. Please go on.' Ask: 'How did Tom improve from Chapter 1? What changed?'
Language Focus: Turn-Taking Phrases	30 min	Teach and practice turn-taking phrases in pairs. Students alternate speaking and listening on a topic (e.g., 'My favorite Luminos moment'). Use all 5 phrases at least once. Teacher observes.
Soft Skills: Listening Audit	25 min	Students self-assess their listening: 'When someone speaks, do I: look at them? wait for my turn? think about what they said? ask a question after?' Rate themselves honestly. Set one listening goal.
Guided Practice: Listening Interview	20 min	Students interview a partner: 3 questions about the Festival of Light. The ONLY rule: listen so carefully that you can report back EXACTLY what your partner said. Test: can you retell it correctly?
Cool Down: Listening Commitment Card	10 min	Each student writes: 'This week I will listen better by ____.' Sign it, keep it. Revisit at the end of Chapter 4.

Project Session 7 · PROJECT 7 — My Festival Contribution

Project Context: Each student prepares and presents their individual creative contribution to the Festival of Light — a personal showcase of language, creativity, and confidence.

Project Objectives	Expected Outcomes
- Students will create an original piece of work for the Festival using Chapter 4 vocabulary. - Students will present their contribution to the class with confidence. - Students will reflect on what their contribution says about them.	- Each student presents one creative artifact (story, poem, drawing + description, song, poster, or plan). - Students speak for at least 60 seconds without a script. - Students reflect: 'I made this because ____ and I am proud of ____.'

Materials Needed

- A4/A3 paper, card, and art supplies
- Writing templates (optional)
- Class display area or board
- Presentation timer (optional)
- Peer feedback cards

Project Steps (120 minutes total)

Step	Time	Teacher Instructions
Contribution Creation	50 min	Students choose their format (story, poem, drawing, performance, poster) and create independently. Teacher supports with vocabulary, spelling, and ideas but does not direct. Encourage personal choices.
Rehearsal	20 min	Students practice their 60-second presentation aloud. Key prompt: 'Tell us what it is, why you made it, and what you're proud of.'
Festival Showcase	35 min	Each student presents. After each, class gives a 'snap' (fingers clicking) of appreciation. Teacher makes brief encouraging notes.
Reflection & Peer Feedback	15 min	Students complete a reflection card and write one feedback note for a peer: 'I enjoyed your ____ because ____.' I think you are great at ____.' Attach to their work.

Assessment Criteria

- Created a complete, original piece
- Presented for at least 60 seconds
- Used Chapter 4 vocabulary in presentation
- Reflection shows personal voice and insight
- Gave genuine feedback to a peer

Session 43 · Week 15 · **Luna's Song**

Story Moment: *Luna's contribution to the festival is a song she wrote herself — a gentle melody about friendship, growing, and the magic of Luminos. It makes everyone cry happy tears.*

Soft Skill Focus: Creativity & Emotional Expression — Finding joy in art

Lesson Objectives	Learning Outcomes
- Students will work with rhyme, rhythm, and repetition in English. - Students will write a simple 4-line chant or verse. - Students will perform a chant or verse as a group.	- Students identify rhyming pairs in a given text. - Students produce a 4-line verse using a rhyme scheme (AABB or ABAB). - Students perform their verse with expression and energy.

Vocabulary	Language Structures
sing • song • rhyme • verse • chorus • sound • rhythm • music • together • voice	<i>___ and ___ rhyme.</i> • <i>My verse is about ___.</i> • <i>I perform with ___ (expression).</i>

Teaching Activities (120 minutes total)

Activity	Time	Description & Instructions
Warm-Up: Rhyme Time	15 min	Teacher says a word. Students call out rhyming words as fast as possible: 'light... night, bright, right, might!' Play in teams. Build a rhyme wall on the board.
Story Time: Luna's Song	20 min	Read/sing Luna's song aloud (teacher-written for this lesson — a simple 8-line poem about Luminos). Students listen. Then ask: 'Which words rhyme? What is the song about? How did it make you feel?'
Language Focus: My 4-Line Verse	30 min	Students write their own 4-line verse about Luminos using a rhyme scheme. Provide word banks for rhyming pairs. Teacher models on the board first. Work individually, then share.
Soft Skills: Art as Expression	25 min	Discuss: 'Luna used a song to share her feelings. What other art forms express feelings? (drawing, dancing, acting, writing) Have you ever used art to express something difficult? How did it help?'
Guided Practice: Verse Performance	20 min	Students rehearse their verse with expression — loud, soft, fast, slow. They choose HOW they want to perform: standing, sitting, with hand motions. Practice in pairs, then with the class.

Cool Down: The Luminos Anthem	10 min	Combine the best lines from student verses into one class 'Luminos Anthem.' Students recite it together as a closing ritual for the last 2 weeks.
--------------------------------------	--------	---

Session 44 · Week 15 · The Festival Arrives!

Story Moment: *The Festival of Light has arrived! Luminos is glowing. Lanterns hang from every tree. The friends stand together, proud and excited — ready to share everything they've made.*

Soft Skill Focus: Celebration — Marking growth and achievement

Lesson Objectives	Learning Outcomes
- Students will use party and celebration vocabulary. - Students will express excitement, pride, and gratitude in English. - Students will describe an event using present continuous.	- Students name 10+ celebration vocabulary words. - Students use 'I am proud that I ____' and 'I am grateful for ____' fluently. - Students describe a scene using 5+ present continuous sentences.

Vocabulary	Language Structures
lantern • candle • light • shine • clap • cheer • celebrate • proud • grateful • together	<i>The festival is ____-ing. • I am proud that I ____.</i> • <i>I am grateful for ____.</i> • <i>We are celebrating!</i>

Teaching Activities (120 minutes total)

Activity	Time	Description & Instructions
Warm-Up: Festival Sound Effects	15 min	Students create a soundscape of the festival using their voices and hands — crowd cheering, music playing, fireworks popping. Layer sounds. Then describe: 'The crowd is cheering! The music is playing!'
Story Time: The Opening of the Festival	20 min	Read a vivid narration of the festival opening — the sky lighting up, the friends holding hands, the crowd roaring. Students close their eyes and imagine it. Ask: 'How do the friends feel? How do YOU feel?'
Language Focus: Festival Scene Description	30 min	Show a detailed festival illustration. Students write 5 present continuous sentences: 'People are singing. Children are dancing. Luna is performing her song.' Share and compare.
Soft Skills: Marking Your Growth	25 min	Students revisit their Week 1 work (greetings, name badges). Compare it to their current work. 'What can you do now that you couldn't do before?' Write: 'I am

		proud that I grew from ____ to ____.'
Guided Practice: Festival Diary Entry	20 min	Students write a diary entry as Mira at the festival: 'Dear Diary, today is the Festival of Light. I feel ____ because _____. I am grateful for _____. I am proud of _____. Luminos is _____. ' Share aloud.
Cool Down: Predictions Come True	10 min	Revisit the 'Best Moment Prediction' cards from Session 39. Were any predictions correct? Celebrate the right ones. Discuss: 'Did anything surprise you?'

Project Session 8 · **PROJECT 8 — Festival Preparation Day**

Project Context: *The whole class works together to prepare the Festival of Light classroom event — decorating, rehearsing, organizing, and supporting each other as a real community.*

Project Objectives	Expected Outcomes
- Students will apply all previously learned language in an authentic, collaborative context. - Students will demonstrate responsibility by completing a team role. - Students will practice supportive communication throughout the session.	- The classroom is transformed into a Festival of Light space. - Each student completes their assigned team role. - Students use supportive language: encouragement, instructions, thanks.

Materials Needed

- Colored paper, streamers, string lights (optional)
- Students' project 7 contributions (for display)
- Music (optional background Luminos theme)
- Task role cards
- Festival Program sheet

Project Steps (120 minutes total)

Step	Time	Teacher Instructions
Role Assignment & Briefing	15 min	Assign team roles: Decorators, Display Team, Program Team, Welcome Team, Photographer (drawing). Each team gets a task card with 3 to-dos. All must be completed before break.
Preparation Work	60 min	Teams work in parallel to complete their tasks. Teacher circulates and observes collaborative language. Prompt with: 'What is your team saying to each other? Use your instruction and encouragement phrases!'

Final Touches & Rehearsal	20 min	Teams check their work. Students rehearse their Project 7 contributions one final time. Run through the Festival Program together: who presents when, and how to introduce themselves.
Teacher Review & Praise	25 min	Teacher acknowledges each team's contribution: 'The Decorators made our classroom feel like Luminos. The Display Team showed our work beautifully...' Students complete a self-reflection: 'My contribution to the festival was _____. I helped by _____. ' Collect.

Assessment Criteria

- Completed assigned role tasks
- Used collaborative language throughout
- Supported at least one teammate
- Ready for final showcase
- Contributed positively to group atmosphere

Session 46 · Week 16 · The Light of Luminos

Story Moment: *The festival reaches its peak — the moment when all the lanterns are released into the sky. Each lantern carries a wish. The sky fills with light.*

Soft Skill Focus: Gratitude & Hope — Looking forward with joy

Lesson Objectives	Learning Outcomes
• Students will use 'I am proud of ____' and 'I am grateful for ____' with depth and specificity. • Students will express hopes and wishes for the future. • Students will write a complete, meaningful reflection on their learning journey.	• Students write a 5-sentence reflection combining pride, gratitude, and a future wish. • Students use vocabulary from all four chapters in their reflection. • Students speak about their wish publicly with confidence.

Vocabulary	Language Structures
wish • hope • dream • light • future • proud • grateful • remember • always • forever	<i>I am proud of ____ because ____.</i> • <i>I am grateful for ____.</i> • <i>In the future, I hope to ____.</i> • <i>I will always remember ____.</i>

Teaching Activities (120 minutes total)

Activity	Time	Description & Instructions
Warm-Up: Wish Lantern Writing	15 min	Students receive a paper lantern shape. They write their wish for the year inside. Teacher collects and reads a few aloud. Discuss: 'What makes a meaningful wish?'
Story Time: The Sky Full of Light	20 min	Read the climactic festival scene — lanterns rising, the sky glowing, friends watching in wonder. Read slowly and beautifully. Pause on emotion. Ask: 'What is this moment about? What does the light represent?'
Language Focus: Reflection Web	30 min	Students create a reflection web: center = ME, and branches = 'I am proud of...', 'I am grateful for...', 'I learned...', 'I will always remember...' Fill all 4 branches. Share with a partner.
Soft Skills: Looking Back to Go Forward	25 min	Discuss: 'Why is it important to look back at what you've done? How does reflection help you grow? If you could go back to Week 1 you, what would you say?' Students write a message.
Guided Practice: The Light of Luminos Letter	20 min	Students write a 5-sentence letter to Luminos: 'Dear Luminos, I am proud of ____ because _____. I am grateful for _____. I learned _____. In the future, I hope to _____. I will always remember _____. ' Read aloud.
Cool Down: Class Gratitude Lantern	10 min	Build a class lantern on the board: each student adds one word of gratitude. By the end, the lantern is full of light. Read the words together.

Session 47 · Week 16 · Goodbye... For Now

Story Moment: *The festival is over. Mira looks at her friends and at Luminos — this place that was once strange and scary. Now it is home. She smiles. She is not the same Mira who arrived at the gate.*

Soft Skill Focus: Reflection & Closure — Celebrating the journey

Lesson Objectives	Learning Outcomes
- Students will use farewell language with warmth and confidence. - Students will reflect on personal growth across all 16 weeks. - Students will express appreciation for shared learning.	- Students deliver a personal farewell statement to the class. - Students compare their Week 1 and Week 16 selves with evidence. - Students give genuine appreciation to at least one classmate.

Vocabulary	Language Structures
goodbye • farewell • miss • remember • always • journey • home • grow • change • begin	<i>Goodbye, Luminos! You gave me _____. • I will miss _____. • I am not the same because _____. • Thank you for _____.</i>

Teaching Activities (120 minutes total)

Activity	Time	Description & Instructions
Warm-Up: Journey Timeline Review	15 min	Display images and key moments from all 16 weeks on the board. Walk through them together. Students call out what they remember. Build energy and nostalgia.
Story Time: Mira's Final Moment	20 min	Read the final pages of the Luminos story — Mira standing at the gate, one last look over her shoulder, smiling. Read the last line: 'Goodbye... For now.' Ask: 'Why for now and not forever? What does that mean?'
Language Focus: Farewell Phrases	30 min	Teach a variety of farewell phrases from formal to casual to heartfelt. Students match phrases to contexts. Then write 3 farewell sentences: one to Luminos, one to a story character, one to a classmate.
Soft Skills: Growth Portfolio Review	25 min	Students look through all their work from the term. They select ONE piece from each chapter that shows their growth. Arrange 4 pieces with captions: 'I chose this because _____. It shows that I grew by _____.' Share.
Guided Practice: My Luminos Graduation Speech	20 min	Each student writes a 4-sentence 'graduation speech' to the class: '16 weeks ago, I _____. Now, I _____. I will always remember _____. Thank you for _____.' Practice aloud with a partner.
Cool Down: The Last Words	10 min	Go around the circle. Each student says one final word to the class — one word that captures the whole journey for them. Build the list on the board. Read them together one last time.

Project Session 9 · PROJECT 9 — Final Celebration & Showcase

Project Context: *The final session: a joyful celebration and showcase of the full 16-week journey. Families and guests (optional) may be invited. This is the closing chapter of Luminos.*

Project Objectives	Expected Outcomes
Students will deliver their Luminos Graduation Speech confidently.	Every student delivers their graduation speech.

- | | |
|--|---|
| <ul style="list-style-type: none"> Students will celebrate the full learning journey as a community. Students will demonstrate all four chapters' language and soft skills in one session. | <ul style="list-style-type: none"> Students present their 4-piece portfolio. Class produces and performs the Luminos Anthem together. |
|--|---|

Materials Needed

- Students' portfolios and all project work
- Graduation speech cards (Session 47)
- Class Luminos Anthem (Session 43)
- Diplomas / certificates of completion
- Camera for documentation
- Optional: guest audience

Project Steps (120 minutes total)

Step	Time	Teacher Instructions
Opening Ceremony	20 min	Teacher opens the Festival formally: 'Welcome to the Luminos Final Celebration!' The class performs the Luminos Anthem together. Introduce the program for the session.
Portfolio Exhibition	30 min	Students display their 4-piece portfolio on their desks. Open gallery walk for 20 minutes. Guest visitors (if present) walk around and ask questions. Students explain their work: 'This is from Chapter _____. I made it because _____. I am proud of it because _____.'
Graduation Speeches	40 min	Each student stands and delivers their 4-sentence Graduation Speech. Teacher notes language use, confidence, vocabulary range. Class gives a standing ovation after each speech. No interruptions.
Certificate Ceremony & Closing	30 min	Teacher presents each student with a Luminos Certificate of Completion, stating one personal achievement: 'This student grew in _____. They showed extraordinary _____.' Class performs the Luminos Anthem one final time. Celebration and photos (optional).

Assessment Criteria

- Graduation speech is complete and clearly delivered
- Portfolio shows work from all 4 chapters
- Uses vocabulary from all 4 chapters during exhibition
- Demonstrates soft skill awareness in speech
- Participates in community celebration with enthusiasm

Part III — Teacher Assessment Toolkit

General Assessment Checklist

Use this checklist to assess each student at the end of the programme and at the midpoint (end of Chapter 2). Check the appropriate level for each indicator.

Student Name: _____ Teacher: _____ Date: _____

Section A: Language Development

Assessment Indicator	Not Yet	Developing	Achieved
Student uses greeting and farewell expressions naturally in and outside of English class	☐	☐	☐
