

LESSON CREATION FEEDBACK

Enhancing Quality and
Engagement in Our
Educational Content

| For the Lesson Creation Team

ENHANCING QUALITY & ENGAGEMENT

Building a better learning experience for our students through design and innovation.

01 CORE GOALS

Delivering high-quality, aesthetically pleasing, and highly engaging lessons consistently across our platform.

02 KEY DRIVERS

Focusing on design consistency and pedagogical innovation as the primary pillars of our team's success.

03 REVIEW FOCUS

Outlining specific areas for improvement based on detailed reviews of recent lesson submissions.

RESPECTING AESTHETIC STANDARDS

Why Visual Consistency Matters for Our Lessons

PROFESSIONALISM

Consistency is the hallmark of a professional team. Adhering to our design template ensures a unified brand identity that students trust.

VISUAL HARMONY

Correct use of fonts and colors reduces cognitive load, allowing students to focus on learning rather than deciphering the layout.

ATTENTION TO DETAIL

Small deviations in aesthetics can be highly distracting. Precision in our design reflects the precision in our teaching.

MOBILE OPTIMIZED

TYPOGRAPHY: FONT SIZE GUIDELINES

25 **Title Font Size:** Clear hierarchy for main topics.

22 **Content Font Size:** Standard for all body text.

THE "GOLDILOCKS" ZONE

Smaller than 22: Hard to read on mobile devices.

Larger than 22: Causes slides to become overcrowded.

COLOR PALETTE: OUR BRAND IDENTITY

Consistent use of our core colors reinforces our professional image and aids student navigation.

NAVY BLUE

#001F3F

Primary structural color. Used for headings, backgrounds, and navigation elements to convey authority and trust.

RED

#D32F2F

Emphasis color. Used for key highlights, warnings, or critical information that requires immediate attention.

MUSTARD

#E1AD01

Accent color. Used for secondary highlights, icons, and to bring warmth and energy to the overall design.

MOVING BEYOND TRADITIONAL ACTIVITIES

× **FILL THE GAPS**

× **MATCHING TASKS**

× **MULTIPLE CHOICE**

THE ENGAGEMENT GAP

Passive Learning

Classic activities are often too basic. They focus on recognition rather than production, leading to passive student engagement.

Superficial Understanding

Students can often complete these drills without truly understanding the context or being able to use the language in real life.

Lack of Creativity

Repetitive traditional methods fail to stimulate critical thinking or personal expression, which are essential for language mastery.

THE POWER OF DEBATES FOR **B2** **TEENAGERS**

■ **CRITICAL THINKING**

Challenges B2 students to move beyond simple fluency into structured argumentation and critical analysis of complex topics.

■ **TEENAGER ENGAGEMENT**

Provides a safe, academic outlet for teenagers to express and defend their developing personal perspectives.

■ **LINGUISTIC GROWTH**

Forces the use of complex connectors, modal verbs for speculation, and sophisticated persuasive language.

■ **SOFT SKILLS**

Develops active listening, empathy, and public speaking confidence through collaborative and competitive interaction.

DEBATE STYLES & STRUCTURES (1)

Effective Formats for Classroom Engagement

WARM-UP

PING-PONG DEBATE

Style: Back-and-forth (A-B-A-B).

Best for: Spontaneous speaking and quick warm-ups.

Skills: Rebuttal and quick thinking.

B1-B2 FOCUS

LINCOLN-DOUGLAS

Style: 1 vs 1 format with cross-examination.

Best for: Ethical or value-based topics.

Focus: Logic and values over simple facts.

ACADEMIC

STRUCTURED / FORMAL

Style: Opening Statements → Rebuttal → Closing.

Best for: Exam prep and teaching argument structure.

Skills: Organization and linking ideas.

COMPETITIVE

OXFORD-STYLE

Style: Proposition vs Opposition with audience voting.

Best for: Large classes and competitive atmosphere.

Bonus: Voting adds high stakes for teens.

DEBATE STYLES & STRUCTURES (2)

Dynamic Formats for Active Participation

ACTIVE LISTENING

FISHBOWL DEBATE

How it works: Inner circle debates while the outer circle takes notes and rotates in.

Best for: Managing dominant students and encouraging listening.

HIGH ENERGY

SPEED DEBATE

Style: Switch partners every 2–3 minutes with the same motion.

Best for: Fluency practice, shy students, and energy boosts.

CREATIVE

ROLE-PLAY DEBATE

Style: Debate "in character" (e.g., Influencer vs Activist).

Best for: Creativity, empathy, and global citizenship topics.

KINESTHETIC

FOUR CORNERS

Style: Move to corners based on agreement level.

Best for: Physical movement and defending positions.

Impact: Highly dynamic for teenagers.

CREATIVE SPEAKING BEYOND THE BASICS

PUBLIC SPEAKING CHALLENGES

Assign "TED-style" mini-talks on personal passions or researched social issues to build high-level rhetorical skills.

IMMERSIVE ROLE PLAY

Move beyond "at the restaurant" to complex tasks like negotiating a peace treaty or surviving a crisis scenario.

SCENARIO PROBLEM SOLVING

Present a high-stakes crisis (e.g., technical failure during a space mission) that requires immediate verbal collaboration.

ELEVATOR PITCHES

Challenge students to sell a creative idea or product in under 60 seconds using high-impact, persuasive language.

STORYTELLING AS A FRAMEWORK

RAYAN & YACINE

Anchoring B2 lessons in a cohesive narrative journey.

NARRATIVE CONTINUITY

Lessons are more effective when framed as a story. Use recurring characters like Rayan Yacine to provide context and motivation.

DIVERSE INPUT FORMS

Vary the delivery method to keep students engaged while maintaining the narrative thread.

PARAGRAPHS

DIALOGUES

LETTERS

EMAILS

MANDATORY STRUCTURE

Regardless of the input form, every storytelling lesson **MUST** include a clear **Intro & Outro** to frame the learning.

EMBRACING CREATIVE SPEAKING

**PRIORITIZE COMMUNICATION
ABOVE ALL ELSE**

PURELY SPEAKING-BASED

Even when activities are guided, the output should be **verbal and creative**. Move away from written drills.

INNOVATION OVER REPETITION

Design scenarios that require students to **think critically** and express themselves uniquely.

REAL-WORLD APPLICATION

Focus on activities that mirror how language is used in **actual conversations** and social interactions.

SUMMARY OF KEY ACTIONS

- **AUDIT CURRENT WORK:** Review your recent lessons against the mandatory font and color guidelines.
- **REDESIGN ACTIVITIES:** Replace one traditional activity in your next lesson with a creative speaking task.
- **FEEDBACK LOOP:** Share your creative activity ideas with the team for collaborative refinement.
- **FINAL CHECK:** Always view your slides on a mobile device to ensure the 22pt font is legible.

**LET'S BUILD
BETTER
LESSONS
TOGETHER.**
